UNITED STATES OF AMERICA, Plaintiff, WALKER RIVER PAIUTE TRIBE, Plaintiff-Intervenor, vs. WALKER RIVER IRRIGATION DISTRICT, et al., Defendants.	In Equity No. C-125-ECR Subfile No. C-125-C BRIEF OF WALKER RIVER IRRIGATION DISTRICT CONCERNING STATUS OF SERVICE ON IDENTIFIED HOLDERS OF WALKER RIVER WATER RIGHTS
MINERAL COUNTY, Proposed Plaintiff-Intervenor, vs. WALKER RIVER IRRIGATION DISTRICT, et al., Proposed Defendants.	

151.

I. STATEMENT OF FACTS

A. Background

This matter involves Mineral County's attempt to intervene and assert a new and senior water right in a water right adjudication action which was concluded by a final judgment entered April 14, 1936, and amended on April 24, 1940, pursuant to the mandate in United States v. Walker River Irrigation District, 104 F.2d 334 (9th Cir. 1939). Mineral County's proposed amended Complaint-In-Intervention seeks a reallocation of the waters of Walker River to provide large annual minimum flows to Walker Lake. Doc. No. 20. Mineral County also filed a Motion for Preliminary Injunction. Doc. No. 22. In that motion, it seeks an injunction requiring water rights holders on the Walker River system to allow even larger quantities of water to reach Walker Lake annually until this litigation is concluded. Id.

B. The Service Order

As a result of a status conference, the Court entered an Order Requiring Service of and Establishing Briefing Schedule Regarding the Motion to Intervene of Mineral County (the "Service Order"). Doc. No. 19. Because 60 years has passed since the Walker River Decree was entered, most, if not all, of the original parties to the Decree are no longer the owners of the land with the appurtenant water rights it adjudicated. In addition through state law processes in Nevada and California new and junior water rights have been established subsequent to

the entry of the Walker River Decree.[1]

The Service Order required Mineral County to serve its intervention documents, pursuant to Fed. R. Civ. P., Rule 4, on all persons with water rights under the Decree or acquired by subsequent appropriation ("Walker River Claimants"). Id. at 2; 3. The Service Order directed the clerk to establish a new subfile, C-125-C, for filings related to Mineral County's proposed intervention. It also directed Mineral County to file revised versions of its intervention documents to clarify its claims to Walker River waters, and to file a motion for any preliminary injunction it intended to seek. Doc. No. 19 at 2.

The Service Order expressly required Mineral County to file "a revised proposed Complaint-In-Intervention which clarifies the basis for Mineral County's claims to water from the Walker River for Walker Lake and which identifies the persons or entities against whom such claims are proposed to be asserted...." Id. [Emphasis added]. Mineral County did not and has not complied with the requirement that its proposed Complaint-In-Intervention identify persons or entities it intends to sue. The closest it has come to complying with that requirement is Attachment 1 to its March 19, 1997 filing (the "Mineral County List"). Doc. No. 97.

The Mineral County List is an extensive list of names. Mineral County represented the following to the Court with respect to that list:

---

[1]For example, in 1983, the Nevada State Engineer issued a water right to the Nevada Department (now Division) of Wildlife for Walker Lake with a 1970 priority date in the amount of 795.2 cubic feet per second.

> Mineral County will accept that the list from the County Recorders of Deeds is the only list applicable and that list is the only one that Mineral County should be required to serve. Mineral County has served the persons on that list (see Affidavits filed September 29, 1995 and February 1, 1996).
>
> ***
>
> Mineral County asks that the Court find Mineral County's list, taken from the county Recorder of Deeds, be the operative list and the one accepted by this Court and that Mineral County's service be declared complete based upon its service on those persons who are title record holders...

Doc. No. 97 at 4, 5. For the time being at least, the status of service on identified holders of Walker River Water Rights must be measured against the Mineral County List.[2]

For purposes of service and the Court's analysis here, the Service Order also includes several other important provisions related to the form of the process to be served. First, rather than requiring service of a summons, it required service of a "Notice in Lieu of Summons properly issued by the Clerk of the Court." Doc. No. 19 at 3. Second, it established a schedule through September 11, 1995, for briefs concerning Mineral County's Motion to Intervene and it expressly provided that until further order of the Court no answer or other response was required to the proposed Complaint-In-Intervention. Id. at 4. Finally, the Service Order itself was to be served in accordance with Rule 4. Id. at 5.

---

[2]The District does not concede that the Mineral County List includes all of the persons who must be joined under Rule 19.

C. Mineral County's Attempted Compliance With The Service Of Process Provisions Contained In The Service Order

In approximately April and May of 1995, Mineral County attempted service under the waiver provisions of Fed. R. Civ. P., Rule 4(d). In seeking waivers of service, Mineral County mailed some, but not all, of the documents required to be served to persons it had identified as Walker River Claimants. Doc. No. 40 at 1-3.

Mineral County's solicitation of waivers of service was not successful.[3] Subsequent to its attempted service under the waiver provisions of Rule 4(d), Mineral County asked the Court to relieve it of any further responsibility with regard to service of its intervention documents. Doc. No. 31 at 1. Because it was obvious as a matter of fact that service had not been accomplished, the Court denied that request by order dated August 16, 1995 (the "Second Order"). Doc. No. 44 at 13. The Second Order reaffirms the service provisions contained in the Service Order, noting that it had not been vacated, modified or appealed. Id. at 2. For a second time the Court directed Mineral County to serve its intervention documents under Rule 4 on all Walker River Claimants.

---

[3]Mineral County complained that the District had interfered with and frustrated its attempts to obtain waivers of service. Doc. 31 at 5. It sought substantial sanctions from the District. *Id.* at 2. The Court denied Mineral County's request for sanctions. Doc. 44 at 10-13. Although what the District did and why are not relevant to the issues, they are explained in detail at Doc. No. 40, and are supported by the Court's order denying Mineral County relief. Suffice it to say that the District responded in good faith to inquiries and its response was based upon Mineral County's unilateral decision to not mail documents which the Service Order clearly required be served.

Thereafter, Mineral County moved to amend the Service Order requesting clarification with regard to paragraph 4 of that order, and to amend the Second Order by granting Mineral County an extension of time to attempt personal service on the Walker River Claimants who had not returned a Waiver of Service form. Doc. No. 45. On September 29, 1995, the Court clarified paragraph 4 of the Service Order by providing further detail with respect to the procedure for Mineral County to follow in seeking Waivers of Service and identifying the documents to be served (the "Third Order"). Doc. No. 48. The Third Order once again required Mineral County to serve, in accordance with Fed. R. Civ. P., Rule 4, all Walker River Claimants who had not returned a Waiver of Service form. Id. at 1, 2. The Third Order also extended the time for briefs concerning Mineral County's Motion to Intervene through June 1, 1996. Id. at 3.

D. Mineral County's Second Request To Be Relieved From Further Service

On or about February 1, 1996, Mineral County filed its Notice of Motion, Motion for Relief from Service of Process and Request for Hearing (the "Notice of Motion"), and a Motion to Dispense with Service of Pleadings (the "Motion to Dispense"). Mineral County claimed that service of process as required by the Court's orders was complete. Doc. No. 63 at 1-2. Alternatively, it contended that it had served "substantially all known water rights holders" and that it should be excused from further service. The Court denied Mineral County's request to be relieved from further service. Doc. No. 63. Importantly, the denial states that it is Mineral County's obligation "to

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

determine who the proper defendants (i.e., competing water rights holders) are in its proposed action" to intervene in this matter. Id. at 2. The Court once again stated that Mineral County "must serve all proper defendants with its Motion to Intervene and proposed Complaint-In-Intervention, pursuant to Fed. R. Civ. P. 4." Id. Implicit in that denial is the Court's finding that as a matter of fact service was not complete or even substantially complete. Earlier the Court had suspended the schedule for briefs concerning Mineral County's Motion to Intervene (Doc. No. 71) and no new schedule has been subsequently established.

E. Mineral County's Appeal

Instead of complying with the Court's directive to complete service, Mineral County chose to appeal the Court's ruling to the Ninth Circuit Court of Appeals. In a written decision filed February 12, 1997, the Ninth Circuit dismissed Mineral County's appeal for lack of jurisdiction.

F. The Publication Order

On or about February 20, 1997, Mineral County filed a motion for leave to serve by publication unidentified holders of water rights appurtenant to lands located within the Walker River system. Doc. No. 88. The Court granted that motion (Doc. No. 99) and has subsequently made it absolutely clear that its order does not apply to identified holders of water rights. Doc. No. 114.

G. The Status Conference.

Recently a Stipulation for Status Conference was filed herein. Doc. No. 120. In that Stipulation, the parties to it,

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

including Mineral County, requested the Court to amend its previous orders to provide that, rather than serving a Summons, Mineral County should serve, including service by publication, a Notice In Lieu of Summons in form and substance similar to that previously approved by the Court. Id. at 5. The parties to the Stipulation, including Mineral County, agreed that no answer or other response to the proposed Complaint-In-Intervention and no response to any preliminary injunction motion should be required until a decision on the Motion to Intervene and then only upon a schedule to be established by further order of the Court. Id.

The parties, including Mineral County, also agreed that the Service Order, as amended, be included with the documents to be served by Mineral County, including any service by publication. In that Stipulation, the parties to it, including Mineral County, recited that a schedule for responding to the Motion to Intervene should be established before Mineral County proceeds with service by publication. Id. at 4. The Court's order after the Status Conference essentially approved the agreements and requests set forth in the Stipulation. Doc. No. 140.

H. The Court's Order Regarding The Status Of Service On Identified Holders Of Walker River Water Rights

The Court has ordered a hearing on "whether or not Mineral County, proposed intervenor, has in fact made proper service upon all identified holders of Walker River water rights." Id. For purposes of that order and this brief, the District has relied upon the Mineral County List as constituting the identified persons who Mineral County intends to sue.

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

Using the Mineral County List, the District has reviewed every document on file with the Court which purports to establish service on an identified person. Included among those documents are waivers of service, returns of service prepared by Mineral County and returns of service on the back side of a form summons. The District has drawn conclusions on the status of service based upon the law set forth below. It has considered both insufficiency of process (Fed. R. Civ. P. 12(b)(4)) and insufficiency of service of process (Fed. R. Civ. P. 12(b)(5)).

II. MINERAL COUNTY HAS THE BURDEN OF ESTABLISHING THE VALIDITY OF ITS SERVICE

Mineral County has the burden of establishing the validity of its service. Northrup King C. v. Compania Productora Semillas Algodoneras Selectos, S.A., 51 F.3d 1383, 1387 (8th Cir. 1995); 5.A C. Wright. and A. Miller, Fed. Prac. and Proc. § 1353 at 293 (1990). The process server's return provides the prima facie case as to the facts of service. 5A Fed. Prac. and Proc. § 1353 at 283. The status of Mineral County's service in this matter must be judged against that burden and the proof of service on file with the Court.

A. A Complaint Must Name The Defendants Against Whom A Claim Is Made

Pursuant to the Federal Rules, "[i]n the complaint the title of the action shall include the names of all the parties." Fed.R.Civ.P. 10(a); 5 Wright and Miller, Fed. Prac. and Proc. § 1321 at 723 (1990); Carrigan v. California State Legislature, 263 F.2d 560, 567 (1959) (Rule 10 requires that title of action include the names of all parties). Mineral County has failed to

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

name the parties it intends to sue in its proposed Complaint-In-Intervention. In so doing, it has not only violated the Service Order (supra at 3) but also created its own problems in completing service and in determining the status of completion of service. One obvious example is Mineral County's failure to delete duplications from its list. The Court should require Mineral County to name the proposed defendants in its proposed Complaint-In-Intervention.

B. Service on Individuals

Rule 4(e) governs the manner in which individuals, other than infants and incompetent persons, are to be served. In general, service on individuals may be accomplished by delivering a copy to the individual personally, by leaving a copy at the individual's dwelling house or usual place of abode with some person of suitable age and discretion residing therein or by delivering copies to an agent authorized by appointment or law to receive service. Fed.R.Civ.P. Rule 4(e)(2); see also 4A C. Wright and A. Miller, Fed. Practice and Procedure § 1094 at 67 (1987).

When service is made at a defendant's dwelling house or usual place of abode, the return of service must show both that it was made at an appropriate place and that the person with whom the process was left was of suitable age and discretion and resided therein. Id., §1096 at 72-73; 81. When service is made upon an agent, an actual appointment for the specific purpose of receiving process is normally expected. Id., §1097 at 84.

C. Service on Infants and Incompetent Persons

Rule 4(g) governs service on infants or incompetent persons. In general such service must be accomplished as required for the service of similar process upon a defendant in an action brought in state court. Fed.R.Civ.P. Rule 4(g); Id. § 1099 at 96-97.

D. Service on Organizational Defendants

Under Rule 4(h) service on an organization may be made by leaving copies with an officer, managing agent or general agent of the organization. It may also be made by delivery to an agent authorized by appointment or by law to receive service of process. Id., §1101 at 101.

However, service under Rule 4(h) cannot be made by leaving a copy at the officer's or agent's dwelling house or usual place of abode with a person residing therein. Generally, it cannot be made by leaving it with someone at the officer's or agent's office. Id., §1101 at 103-104.

E. Waiver of Service

Although there are only a few decisions under Rule 4(d), the plain language of the Rule requires that a waiver of service form be executed by the defendant who is waiving service, if that defendant is an individual. It also requires that, if the defendant is an organization, the waiver be executed by an officer, managing or general agent or other agent authorized by appointment or law to receive service.

The provisions of Rule 4(d) do not apply to service on the United States, its officers and agencies and foreign, state or

WOODBURN AND WEDGE
ATTORNEYS

RENO, NEVADA 89501
(702) 688-3000

local governments.

F. Insufficiency of Process Concerns Its Form Rather Than the Manner or Method of Service

Situations challenging the sufficiency of process are rare. However, the service of documents not approved by the court and containing incorrect information concerning the extent and timing of responses are within cases decided under Rule 12(b)(4). See e.g., O'Brien v. R. J. O'Brien & Assocs., 998 F.2d 1394, 1399 (7th Cir. 1993)(arguable deficiencies included incorrect name of defendant, naming wrong person to be served, failing to specify number of days defendant had to reply, and delivering facsimile copy without court seal); Curry v. Heard, 819 F.2d 130, 132 (5th Cir.), cert. denied, 484 U.S. 944 (1987)(summons missing from service of process); Sanderford v. Prudential Ins. Co., 902 F.2d 897, 900 (11th Cir. 1990)(return date for responsive pleading missing).

III. SERVICE ON THE IDENTIFIED PERSONS AND ENTITIES ON THE MINERAL COUNTY LIST IS NOT COMPLETE

A. Introduction

Attached hereto as Exhibit "A" is a tabulation prepared by the District which summarizes the status of service on persons and entities identified on the Mineral County List.[4]

---

[4]In February of 1996, the District conducted a similar analysis with respect to Waiver of Service and Return of Service forms on file with the Court at that time. See Attachment 1 to Doc. No. 67. In preparing Exhibit A attached hereto, the District has once again reviewed those forms and attempted a comprehensive application of the law governing service (see supra at 9-12) in making the determination recorded in the "Status of Service" column. Therefore, the entry in the Status of Service column in Exhibit A hereto may be different than the entry in the "Status" column of Attachment 1 to Doc. No. 67 for the same individual or entity.

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

The tabulation contains five (5) columns. The first column, entitled "Person or Entity," sets forth the names of identified persons or entities on Mineral County's List.

The second column, entitled "Type of Service," indicates the type of proof of service for the identified person or entity on file with the Court. In this column the letter "W" refers to a filed Waiver of Service form. The letter "R" refers to a special Return of Service form prepared by Mineral County and filed herein. The letter "S" refers to the return on the backside of a standard Summons filed with the Court. The number after a letter is for the District's use so that it may easily locate the particular service form in question. It is internal to the District. If there is no entry in this column it means the District does not have and could not locate in the Court file any proof of service with respect to the person or entity in question.[5]

The third column, entitled "Comments" includes information shown on the filed proof of service which bears on the issue of whether the process or method or manner of service was proper.

The fourth column, entitled "Status of Service," is the District's best judgment on whether the identified person or entity has or hasn't been served.[6] The letter "S" means served;

---

[5]The District's analysis includes a review of all filings through Docket No. 145, dated September 15, 1997.

[6]In making this determination, the District does not make any representation as to whether service has or has not "actually" been accomplished with respect to any individual or entity. The District has simply attempted to compile in a useable way the information filed with the Court in the form of Waiver of Service, Return of Service and Summons forms.

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

the letter "NS" means not served and the letter "Q" means service is questionable. The District used the questionable ("Q") designation when in its judgment more information is necessary to determine if service is or is not complete.

The final column, entitled "Authority," includes information relevant to the legal basis upon which the District relied in reaching its judgment on the status of service.

B. Summary of the Status of Service on Identified Persons and Entities

Based upon its review, the District's conclusions are as follows. There are approximately 1,038 identified persons or entities on the Mineral County List as set forth in the Service Table. Of those 1,038 identified persons or entities the Service Table indicates that no service exists for approximately 492 of them because there is no proof of service at all on file for those names. In addition, of those 1038 identified persons or entities the Service Table indicates there is no service on 71 of them because the proof of service on file is inadequate for those names. Of those 1,038 identified persons or entities the information on file shows that service is complete on approximately 355 of them. Finally, service is questionable on approximately 120 of those 1,038 identified persons or entities.

Given these results, it is clear that Mineral County has not completed proper service on the Walker River Claimants under any set of circumstances.

C. Issues Related To The Status Of Proper Service

1. The Return of Service Form Used by Mineral County

The Return of Service Form utilized by Mineral

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

County does not include information which establishes that service on a person other than the proposed defendant was at the proposed defendant's dwelling house or usual place of abode on a person of suitable age and discretion residing therein. See Exhibit B attached hereto. Thus in cases where service was effected on someone other than the proposed Defendant, or an individual that the District assumed was the proposed Defendant's spouse, the District concluded that service was questionable or incomplete.

2. Service On Organizational Defendants

In cases where the name appearing on the Service Table involved an organizational defendant, the District concluded that service was completed if it was effected in accordance with FRCP 4(h)(1). If the Service Form did not indicate that service was effected on an officer, managing or general agent, or agent authorized by appointment of law to receive service for the organization, the District concluded that service was questionable or incomplete.

3. Waiver Of Service

The Waiver of Service Forms contain three blank lines for the proposed defendant to record information as follows: 1) "Signature;" 2) "Printed name and title, if any;" and 3) "Company or entity, if any." See Exhibit C attached hereto. The District concluded that service was complete for those Waiver of Service Forms wherein the signature matched the printed name and the name was present in the Service Table. If the signature did not match the name printed the District concluded that service was incomplete or questionable unless it

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

could reasonably be concluded that the appropriate person had executed the Waiver of Service Form. The District also concluded that service was incomplete or questionable if the Waiver of Service form did not indicate that it was executed on behalf of the organization listed on Mineral County's List.

4. Insufficiency Of Process

In spite of having represented to the Court in numerous filings that it had completed service of process as of February 1, 1996, Mineral County recently undertook additional personal service efforts. As near as the District can determine, Mineral County's recent attempts at service are entirely inconsistent with the Stipulation and the recent August 14, 1997 Order entered after the scheduling conference. First, Mineral County is serving a summons even though the parties have agreed and the Court has ordered that a summons not be served.

Second, the parties have agreed and the Court has ordered that a new notice in lieu of summons would be prepared to include a schedule for responding to Mineral County's Motion to Intervene. The schedule was to be established after the factual dispute concerning service was resolved. Mineral County's recent attempts at service do not include a new and revised notice in lieu of summons containing an updated schedule for responding to Mineral County's Motion to Intervene.

The service which Mineral County has recently undertaken only causes additional confusion and should not be considered effective service because the process is insufficient. On the one hand it directs an answer within 20 days to a complaint which has not been filed. On the other hand, near the front, it

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

indicates no answer is required but that a response to the Motion to Intervene is due on July 11, 1995, while at the back it directs a response to the Motion to Intervene by April 1, 1996. In fact by order dated March 15, 1996, the entire briefing schedule was suspended.

Mineral County contends that the recent Stipulation (July 9, 1997), Status Conference (August 14, 1997) and Minute Order (August 14, 1997) relate only to service by publication and have nothing to do with "personal service." Assuming arguendo that it is correct in that regard, it is quite clear that the logic and reasons for the Stipulation, Status Conference and Minute Order have similar application to personal service.

Mineral County also contends that it has had no direction from the Court concerning personal service since 1995-1996. In part, that may be because since February 1, 1996, Mineral County has erroneously represented to the Court in several filings that "Mineral County's service of process to water rights holders on the Walker River was completed by February 1, 1996, pursuant to the Court's Order of September, 1995."

However, irrespective of whether Mineral County has had recent direction from the Court, its recent actions are not consistent with the directions originally provided by the Court with respect to the process to be served. First, the Court's Orders from February 9, 1995 to September 29, 1995, required service of a Notice In Lieu of Summons and not a Summons. All of those Orders provided that "no answer or other response to the proposed complaint in intervention will be required until a decision by the Court on Mineral County's Motion to Intervene

WOODBURN AND WEDGE
ATTORNEYS
ONE EAST FIRST STREET
RENO, NEVADA 89501
(702) 688-3000

and then only upon a schedule to be established by the Court." For obvious reasons, all of those Orders included a schedule for responses to the Motion to Intervene.

Rather than comply with those existing and longstanding directions, Mineral County has chosen to serve a Summons which purports to require a response within twenty days to a complaint which has not been and cannot be filed. It has opted to serve Orders which refer to a schedule which has been suspended since March of 1996. In these cases the District has concluded that service is not complete because the process itself is not sufficient.

Dated this 16th day of September, 1997.

TO: Zeh, Spoo & Hearne, attorneys for proposed Plaintiff/Intervenor, Mineral County, Nevada

I acknowledge receipt of your request that I waive personal service of the documents involving the motion to intervene of Mineral County, Nevada, in the action of United States of America, Plaintiff v. Walker River Irrigation District et al., Defendants, which is Case No. C-125, Subfile No. C-125-C, in the United States District Court for the District of Nevada. I have also received a copy of the motion to intervene of Mineral County, the proposed complaint-in-intervention of Mineral County,

EXHIBIT C

the motion for preliminary injunction of Mineral County, and the Order Requiring Service of and Establishing Briefing Schedule Regarding the Motion to Intervene of Mineral County, along with two copies of this Waiver. I have also received a means by which I can return this signed waiver to you without cost to me.

I agree to save the cost of personal service of the documents, as above-described, by not requiring that I (or the entity on whose behalf I am acting) be served with judicial process in the manner provided by Federal Rules of Civil Procedure, Rule 4. I (or the entity on whose behalf I am acting) will retain all defenses or objections to this matter or to the jurisdiction or venue of the Court except for objections based on a defect, if any, in the manner in which these documents have been provided to me.

I understand, that if I (or the entity on whose behalf I am acting) do not appear and respond to the motion to intervene, by July 11, 1995, and if the Court enters further orders with respect to answers or other responses to the proposed complaint-in-intervention or responses to the Motion for Preliminary Injunction, that I (or the entity on whose behalf I am acting)
