The United States of America ("United States") and the Walker River Paiute Tribe ("Tribe") have moved this Court for approval of the attached service documents and for leave to commence service of their counterclaims in this matter.

The Court and parties have reviewed and considered a variety of service-related documents in this matter, including proposed orders and forms for use when persons or entities in this matter disclaim any water rights that may be at issue in this case or sell or otherwise convey any water right subject to this case. Previously, the parties have stipulated to several service-related documents and the Court has directed the preparation of other such documents. These documents include: 1. *Notice of Lawsuit and Request for Waiver of Service of Notice in Lieu of Summons*; 2. *Waiver of Service of Notice in Lieu of Summons*; 3. *Notice of Appearance and Intent to Participate*; 4. *Order -- Disclaimer of Interest*, and the attached form; and 5. *Order Regarding Changes in Ownership of Water Rights*, and the attached form.¹ These documents constitute the package of documents to be served initially on each person or entity identified in Paragraph 3 of the Court's *Case Management Order* (Apr. 18, 2000) ("CMO"), plus a copy of the respective First Amended Counterclaims of the United States and the Tribe and a copy of the CMO. By this motion, the United States and the Tribe seek approval of these documents as the "Service Package" in this case.

The United States and the Tribe have attached a copy of each of the documents that we propose to constitute the "Service Package" for review by the Court and the parties. We have reviewed each of these documents as separate documents and as part of the larger "Service Package," and made a number of changes to them in an effort to make the documents clearer and consistent with one another. We believe it is important that the documents provide sufficient information to people

¹In addition, the parties have previously stipulated to the Notice in Lieu of Summons for use in circumstances when persons or entities subject to service do not agree to sign the *Waiver of Service of Notice in Lieu of Summons*.

receiving them so they can determine, based on their individual circumstances, how they wish to respond. For example, we do not believe that the earlier versions of these documents were clear as to how persons who wished to disclaim interests in any water rights in this case should respond to the request that they waive service of notice. Many of these persons may assume, incorrectly, that if they disclaim any interest in any water right in this case, they are not parties to the matter and have no reason to return the *Waiver of Service of Notice in Lieu of Summons*. Thus, we have not referred to these persons or entities as “parties” in the attached order and form regarding disclaimers (*Order -- Disclaimer of Interest; Disclaimer of Interest in Water Rights and Notice of Related Information and Documentation Supporting Disclaimer*). Further, it is our position that these persons and entities must still return the *Waiver of Service of Notice in Lieu of Summons*, along with their disclaimer and underlying documents, before we can determine whether to omit them from the case. We have also added an express statement that these persons and entities are still subject to the duty to avoid unnecessary costs of serving the *Notice in Lieu of Summons*, even if they ultimately disclaim any ownership interest in any applicable water rights. Consequently, we have added to the proposed order that if a person or entity does not return a *Waiver of Service of Notice in Lieu of Summons* and we must personally serve them, even if that person subsequently files a disclaimer of interest form, he or she may be subject to paying the costs related to conducting formal personal service.

Consequently, based on our review of these documents as a package, the attached proposed service documents are different than those previously discussed with the Court. We have already provided a copy of these documents to counsel for the Walker River Irrigation District (“WRID”) and

obtained his comments. We have attempted to incorporate WRID's comments and suggestions into the documents attached to this motion. For example, counsel for WRID suggested that the order and form regarding disclaimer of water rights (*Order -- Disclaimer of Interest; Disclaimer of Interest in Water Rights and Notice of Related Information and Documentation Supporting Disclaimer*) should include an acknowledgment that persons who initially disclaim water rights, but subsequently claim that they, in fact, had retained water rights subject to this case, are nevertheless bound by the results of this litigation. We have attempted to edit the documents to address this comment and have also attempted to insert a similar concept in the order and form regarding sales or other conveyances of water rights (*Order Regarding Changes in Ownership of Water Rights; Notice of Change of Ownership of Water Right*).

Second, we have provided the proposed "Service Package" to each party in the general form in which it would be served, with the exception of certain limited information, as noted (e.g., the United States' Post Office box number is not yet identified). Further, we have provided these documents to the parties for their current review and approval in the format in which we propose to serve them. Specifically, some documents are provided as double-sided copies, while other are single-sided copies. Since the Court Clerk's office has indicated that it prefers to receive single-sided filings, we would serve copies of those documents that might be filed with the Court as single-sided copies, while those documents to be served for informational purposes would be served as double-sided copies. The Court's copies of the materials attached to this filing, however, are solely in a single-sided format, since they will be filed with the Court Clerk in their entirety. The proposed *Notice of Lawsuit and Request*

for Waiver of Service of Notice in Lieu of Summons identifies which documents would be served as single-sided documents and which documents would be served as double-sided documents. We have used double-sided copying, where indicated, to conserve paper and limit the bulk and cost of mailing.

The United States and the Tribe seek the Court's approval of these service documents and seek leave to commence service in this matter.² We suggest that the Court set a status conference to consider and address this motion and that the Court require all parties with any questions or comments on the proposed "Service Package" to contact the United States and the Tribe with any specific questions, objections or suggestions no later than one week prior to the Court's status conference.

WHEREFORE, for the reasons set forth in this Memorandum and the Joint Motion of the United States of America and the Walker River Paiute Tribe for Approval of Service Documents and Leave to Commence Service, and for any other reasons that may appear to this Court, the United States and the Tribe respectfully request that this motion be granted.

²We have previously sought certification of certain limited defendant classes for service in this matter. *Joint Motion of the United States and the Walker River Paiute Tribe for Certification of Defendant Classes* (May 4, 2001) ("Joint Motion for Class Certification"). The Court has denied this request, *Order* (March 29, 2000), *Order* (April 29, 2002), and we have filed a motion for reconsideration under FED. R. CIV. P. 59 and 60. *Joint Motion of the United States of America and the Walker River Paiute Tribe for Amendment of the Court's Order Denying Motion for Certification of Defendant Classes or for Relief from this Same Order* (Apr. 9, 2002). The instant motion does not change our position on the merits of class certification in this matter.

**NOTICE OF LAWSUIT AND REQUEST FOR
WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS**

TO:

You have been named as a Defendant in a civil action filed in the United States District Court in Reno, Nevada, entitled *United States v. Walker River Irrigation District* and assigned the court docket number In Equity C-125, Subfile C-125-B. You have been named as a Defendant because you are among a large number of persons and entities identified as having an ownership interest in certain water rights that the Court has directed to be included in this case.

Rule 4 of the Federal Rules of Civil Procedure provides that you can avoid being assessed the cost of being personally served by signing a waiver and accepting service by mail. The materials that have been sent you in this package include a waiver form, instructions, and a self-addressed, stamped envelope for returning the waiver form. There are also other documents enclosed that address the sale or other conveyance of your water rights or if you believe that you should not be a party to this lawsuit. **Please read these materials carefully, as they are important to your legal rights.** Please note that some of these papers are single-sided and others are double-sided.

Enclosed are the following [8] documents:

1. **Notice of Lawsuit and Request for Waiver of Service of Notice in Lieu of Summons:** *That is the title of this document (see the title at the top of this page). Please begin your review with this 6-page document. (This document is double-sided.)*
2. **Waiver of Service of Notice in Lieu of Summons:** *Two copies of this document are enclosed, one for your records and one that you may send in the enclosed envelope to SUSAN L. SCHNEIDER of the United States Department of Justice, if you choose to execute the document. (This document is single-sided.)*
3. **Notice of Appearance and Intent to Participate:** *(This document is single-sided.) If you choose to sign this document, you must file the original with the District Court and you must send a copy of the document to MS. SCHNEIDER of the United States Department of Justice, who will send copies to the attorneys for the Walker River Paiute Tribe, the Walker River Irrigation District, the State of California, and the State of Nevada. Please keep a copy of the document for your records. You may send the Notice of Appearance and Intent to Participate to MS. SCHNEIDER in the same envelope provided for return of the Waiver of Service of Notice in Lieu of Summons.*
4. **First Amended Counterclaim of the United States of America (July 31, 1997).** *(This document is double-sided.)*

5. *First Amended Counterclaim of the Walker River Paiute Tribe (July 31, 1997).* (This document is double-sided.)
6. *Case Management Order (Apr. 18, 2000).* (This document is double-sided.)
7. *Order and Form -- Disclaimer of Interest:* This Order requires you to notify the Court and the United States if you contend that you have been included in this litigation in error because you have no interest in any water right within any of the nine categories set forth in Paragraph 3 of the *Case Management Order (Apr. 18, 2000).* If you contend that you have been included in this litigation in error, the *Order -- Disclaimer of Interest* also requires you to provide certain information and documents related to the transfer of water rights that would be part of this litigation. If you disclaim any water right in this litigation, you must comply with the *Order -- Disclaimer of Interest*, and you may use the form entitled *Disclaimer of Interest in Water Rights and Notice of Related Information and Documentation Supporting Disclaimer*, which is attached to the *Order -- Disclaimer of Interest*, to provide this information. (The *Order -- Disclaimer of Interest* is double-sided. The form *Disclaimer of Interest in Water Rights and Notice of Related Information and Documentation Supporting Disclaimer* is single-sided.)
8. *Order and Form Regarding Changes in Ownership of Water Rights:* This Order requires you to notify the Court and the United States whenever during the course of this litigation you sell or otherwise convey ownership of all or a portion of any water right within any of the nine categories set forth in Paragraph 3 of the *Case Management Order (Apr. 18, 2000).* If you sell or otherwise convey any water right in this litigation, you must comply with the *Order Regarding Changes in Ownership of Water Rights*, and may use the form entitled *Notice of Change of Ownership of Water Right*, which is attached to the *Order Regarding Changes in Ownership of Water Rights*, to provide this information. You should retain this Order and the attached form for use whenever appropriate during the course of this litigation. You may also wish to make additional copies of the form attached to the Order for use if you sell or otherwise convey ownership of applicable water rights on more than one occasion during the course of this litigation. You should note that this Order also requires you to provide certain information and documents related to the transfer of water rights. (The *Order Regarding Changes in Ownership of Water Rights* is double-sided. The form *Notice of Change of Ownership of Water Right* is single-sided.)

The plaintiff, the United States of America, has filed a FIRST AMENDED COUNTERCLAIM in the United States District Court for the District of Nevada, in an action entitled *United States v. Walker River Irrigation District*. The plaintiff-intervenor, Walker River Paiute Tribe, has also filed a FIRST AMENDED COUNTERCLAIM in the same case. A copy of each FIRST AMENDED

COUNTERCLAIM is attached to this notice. The documents have been filed in the District Court and have been assigned docket number In Equity C-125, Subfile C-125-B. Also attached is the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case. Pursuant to the CASE MANAGEMENT ORDER, the United States and the Tribe are required to serve you with a Notice in Lieu of Summons or to obtain a WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS from you.

This is not a formal notification from the Court, but rather the plaintiffs' request that you sign and return the enclosed WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS in order to save the cost of serving you with a judicial Notice in Lieu of Summons and additional copies of the FIRST AMENDED COUNTERCLAIMS. If you do not send a signed copy of the waiver to the plaintiff within 30 days after the date designated below as the date on which this Notice and request is sent, you may be liable for the cost of serving you. The plaintiff has enclosed a stamped and addressed envelope for your use. An extra copy of the WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS is also attached for your records.

If you comply with this request and return the signed waiver, it will be filed with the Court and no Notice in Lieu of Summons will be served upon you personally. The action will then proceed as if you had been served on the date the waiver is filed.

If you return the signed WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS, you are not obligated to answer either of the FIRST AMENDED COUNTERCLAIMS, except upon further order of the Court. However, you are required, within 60 days of your execution of the WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS, to file and serve a NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE with the Court and mail a copy of the notice to SUSAN L. SCHNEIDER, the attorney for the United States, who will mail copies to the attorneys for the Walker River Paiute Tribe, the Walker River Irrigation District, the State of California, and the State of Nevada. A copy of a NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE that you may choose to use is attached. You may return both the WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS and NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE to SUSAN L. SCHNEIDER, the attorney for the United States, in the self-addressed, stamped envelope provided. For your information, attached to this document is a list of the names and addresses of the attorneys for the United States, Walker River Paiute Tribe, the Walker River Irrigation District, the State of California, and the State of Nevada.

If you do not return the signed WAIVER OF SERVICE OF NOTICE IN LIEU OF

SUMMONS within the time indicated, the plaintiff will take appropriate steps to effect formal service in a manner authorized by the Federal Rules of Civil Procedure and will then, to the extent authorized by those Rules, ask the Court to require you (or the entity on whose behalf you are addressed) to pay the full costs of such service. In this regard, please read the statement concerning the duty of parties to waive the service of the Notice in Lieu of Summons, which is set forth at the foot of the WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS form.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. You are still being asked to return the WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS and you remain subject to the duty to avoid unnecessary costs of serving the NOTICE IN LIEU OF SUMMONS, even if you disclaim any ownership interest in any of the water rights described by PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court’s concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

I affirm that this request is being sent on behalf of the plaintiff, the United States of America, and the plaintiff-intervenor, Walker River Paiute Tribe, this ___ day of _____, 2002.

WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS

TO: Susan L. Schneider, attorney for the United States of America

1. I acknowledge receipt of your request that I waive service of a Notice in Lieu of Summons in the action of *United States v. Walker River Irrigation District*, which is docket number In Equity C-125, Subfile C-125-B, in the United States District Court for the District of Nevada.

2. I have also received a copy of the FIRST AMENDED COUNTERCLAIM OF THE UNITED STATES OF AMERICA, the FIRST AMENDED COUNTERCLAIM OF WALKER RIVER PAIUTE TRIBE, the CASE MANAGEMENT ORDER (Apr. 18, 2000), two copies of a NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE, a copy of the ORDER – DISCLAIMER OF INTEREST and related form, a copy of the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS and related form, two copies of this instrument (WAIVER OF SERVICE OF NOTICE IN LIEU OF SUMMONS), and a means by which I can return the signed waiver to you without cost to me.

3. I agree to save the cost to me of service of a Notice in Lieu of Summons and an additional copy of the FIRST AMENDED COUNTERCLAIM OF THE UNITED STATES OF AMERICA and the FIRST AMENDED COUNTERCLAIM OF THE WALKER RIVER PAIUTE TRIBE in this lawsuit by not requiring that I (or the entity on whose behalf I am acting) be served with judicial process in the manner provided by Rule 4 of the Federal Rules of Civil Procedure.

Duty to Avoid Unnecessary Costs of Service of Notice in Lieu of Summons

Rule 4 of the Federal Rules of Civil Procedure requires certain parties to cooperate in saving unnecessary costs of service of the Notice in Lieu of Summons and the First Amended Counterclaims. An entity (such as yourself) located in the United States who, after being notified of an action and asked by a plaintiff (here the United States and Tribe) located in the United States to waive service of a Notice in Lieu of Summons, fails to do so will be required to bear the cost of such service unless good cause be shown for its failure to sign and return the waiver.

It is not good cause for a failure to waive service that a party believes that the claims of the opposing parties are unfounded, or that the action has been brought in an improper place or in a court that lacks jurisdiction over the subject matter of the action or over its person or property. A party who waives service of the Notice in Lieu of Summons retains all defenses and objections (except any relating to the Notice in Lieu of Summons or to the service of the Notice in Lieu of Summons), and may later object to the jurisdiction of the court or to the place where the action has been brought.

An entity in this case who waives service must, within 60 days, as specified on the waiver form, provide the court and DOJ attorney S. Schneider with a notice of appearance and intent to participate.

**FIRST AMENDED COUNTERCLAIM OF THE
UNITED STATES OF AMERICA**

COMES NOW, the United States of America, at the request of the Secretary of Defense, the Secretary of Agriculture, and the Secretary of the Interior, by and through its undersigned attorneys, on its own behalf and for the benefit of the Walker River Paiute Tribe, the Yerington Paiute Tribe, the Bridgeport Paiute Indian Colony, and several individual Indians who are owners of allotments, either held in trust by the United States or held in restricted status by the United States, and herewith asserts the following claims:

INTRODUCTION

1. This first amended counterclaim is made for the confirmation and declaration of certain rights in the United States to the use and storage of water in, on, under and otherwise appurtenant to certain lands in the Walker River basin owned by the United States that are under the jurisdiction of the Department of Defense, the Department of Agriculture and the Department of the Interior; or, held in trust or restricted status by the United States for the benefit of individual Indians, and certain Indian Tribes. The rights set forth in this first amended counterclaim are in addition to the right to divert the natural flow of the Walker River and its tributaries, awarded to the United States in the Decree entered in this action on April 15, 1936, as amended on April 24, 1940 in United States v. Walker River Irrigation Dist., In Equity No. C-125, hereinafter, the "Decree."

JURISDICTION

2. Jurisdiction over this first amended counterclaim is pursuant to (i) the continuing jurisdiction of this Court, by virtue of the Decree entered herein, over the waters of the Walker River and its tributaries in California and Nevada; (ii) 28 U.S.C. §1345 in that the proceedings are brought by the United States; (iii) 28 U.S.C. §1367 which vests the court with supplemental jurisdiction; (iv)

1 28 U.S.C. §1651 which authorizes the court to issue all writs necessary or appropriate in aid of its
2 jurisdiction; (v) 28 U.S.C. §1331, in that this first amended counterclaim is brought by the United
3 States of America, on its own behalf and for the benefit of individual Indians, and Indian Tribes, and
4 the matter in controversy arises under the Constitution, laws or treaties of the United States.

5
6 PARTIES

7 3. Counterclaimant, the United States of America, appears in this case on its own behalf and
8 for the benefit of specified individual Indians, and certain Indian Tribes.

9 4. Counterdefendants are all claimants to water of the Walker River and its tributaries,
10 including groundwater.

11
12 GENERAL ALLEGATIONS

13 5. The United States of America, under the Decree, currently has the right to use the natural
14 flow of the waters of the Walker River and its tributaries in the amount of 26.25 cubic feet per second
15 with a priority date of November 29, 1859, to irrigate 2,100 acres of land on the Walker River
16 Reservation.

17 6. The suit commenced by the United States in 1924, under Docket Number C-125, was
18 brought to quiet title and only concerned the water rights for use on the Walker River Indian
19 Reservation as those boundaries existed at the time the suit was commenced. The suit did not
20 adjudicate the groundwater rights of any of the parties in the litigation.

21 7. Paragraph XII of the 1936 Decree, entered on April 15, 1936, was amended on April 24,
22 1940, to reflect that the Decree determined water rights "as of the 14th day of April, 1936."
23 Paragraph XIV of the Decree provides that this Court retains jurisdiction for a number of purposes,
24 including modification of the Decree.

25 8. Subsequent to April 14, 1936, numerous persons and other entities, including the United
26 States, have appropriated additional waters from the Walker River Basin and its tributaries. In many
27 instances such claims to the use of water have not been subject to any adjudicative process.

28 9. In addition to the Walker River Indian Reservation, there are other lands within the Walker

1 River Basin owned by the United States that are under the jurisdiction of the Department of Defense,
2 the Department of Agriculture and the Department of the Interior. There are also lands in the Walker
3 River Basin, in addition to the Walker River Indian Reservation, owned by the United States and held
4 in trust or restricted status for the benefit of specified individual Indians, the Bridgeport Paiute Indian
5 Colony and the Yerington Paiute Tribe.

6 These lands and their appurtenant water rights and claims for water are more particularly
7 described below.

8
9 FIRST CLAIM FOR RELIEF

10 WEBER RESERVOIR

11 10. Weber Reservoir is a federally-constructed reservoir located on the Walker River Indian
12 Reservation with a storage capacity of approximately 13,000 acre feet. The reservoir was practically
13 completed in 1935, although floodgates were added in 1937. The United States, for the benefit of the
14 Walker River Paiute Tribe, is entitled to store water from the Walker River and its tributaries in
15 Weber Reservoir for all purposes recognized under federal law including but not limited to irrigation,
16 stock watering, fish and wildlife, and domestic uses.

17 11. By the use of Weber Reservoir to store water, the Walker River Paiute Tribe can irrigate
18 more than the 2,100 acres which it presently is entitled to irrigate under the terms of the Decree.

19 12. The right to store water in Weber Reservoir has a priority date of April 15, 1936. The
20 amount claimed is 13,000 acre-feet plus evaporation and seepage.

21 SECOND CLAIM FOR RELIEF

22 LANDS RESTORED TO WALKER RIVER RESERVATION

23 13. Paragraphs 1-12 are incorporated herein as if fully set forth in this paragraph 13.

24 14. The Walker River Indian Reservation was established in 1859 with a land base of
25 approximately 320,000 acres. Under the Act of May 27, 1902, 32 Stat. 260-261, the Reservation land
26 base substantially reduced. A substantial part of these original Reservation lands, however, were
27 restored to the Reservation on September 25, 1936, pursuant to the Act of June 22, 1936. The Act of
28 June 22, 1936, 49 Stat. 1806-07, authorized the Secretary of the Interior to set aside certain lands as

1 an addition to the Walker River Indian Reservation. In accordance with the legislation, by Order
2 dated September 25, 1936, the Secretary restored to the Walker River Indian Reservation
3 approximately 167,460 acres.

4 15. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to use
5 water from the Walker River, its tributaries, and all other water located in, on, under, adjacent or
6 otherwise appurtenant to the restored lands of the Reservation for all purposes recognized under
7 federal law. The restored lands of the Reservation are entitled to a federal reserved water right as of
8 the date of restoration.

9 16. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to water
10 rights for the restored lands in addition to the rights now recognized for use on the lands of the
11 Reservation under the Decree.

12
13 **THIRD CLAIM FOR RELIEF**

14 **GROUNDWATER FOR ALL LANDS WITHIN WALKER RIVER RESERVATION**

15 17. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to use the
16 groundwater of the Walker River basin located in, under, adjacent or otherwise appurtenant to all
17 lands of the Walker River Indian Reservation not otherwise claimed in this First Amended
18 Counterclaim.

19 18. The amount claimed is the amount necessary to fulfill the purposes of the Reservation.

20 19. The priority date claimed is November 29, 1859, or, in the alternative, April 15, 1936.

21 **FOURTH CLAIM FOR RELIEF**

22 **YERINGTON PAIUTE TRIBE**

23 20. Paragraphs 1-19 are incorporated herein as if fully set forth again in this paragraph 20.

24 21. The United States, at the request of the Secretary of the Interior, and for the benefit of the
25 Yerington Paiute Tribe, makes the following claim for water from the Walker River, its tributaries,
26 and all other water located in, on, under, adjacent or otherwise appurtenant to the lands hereinafter
27 described.

28 22. The Yerington Reservation is located in Lyon County, Nevada, approximately eighty (80)

1 miles southeast of Reno, Nevada. The Reservation contains 1,636.24 acres, of which approximately

26 date claimed is April 9, 1979.

27 24. The federal reserved water claimed for the benefit of the Yerington Paiute Tribe is claimed
28 in order to fulfill the purposes of the Reservation. In addition to the claims set forth

1 above for federal reserved rights, the United States also seeks a declaration and confirmation of the
2 water rights held under state law which have been acquired in connection with the above described
3 parcels.

4
5 FIFTH CLAIM FOR RELIEF

6 BRIDGEPORT PAIUTE INDIAN COLONY

7 25. Paragraphs 1-24 are incorporated herein as if fully set forth again in this paragraph 25.

8 26. The United States, at the request of the Secretary of the Interior, and for the benefit of the

21 to fulfill the purposes of the Colony.

25 31. Paragraphs 1-30 are incorporated herein as if fully set forth again in this paragraph 31.

26 32. The United States, at the request of the Secretary of the Interior, and for the benefit of the
27 Garrison and Cluette allottees makes the following claim for water from the Walker River, its
28 tributaries, and all other water located in, on, under, adjacent or otherwise appurtenant to the lands

1 hereinafter described.

2 33. The Garrison and Cluette Allotments are both located in S. 17, T. 8 N., R. 23 E.,

42. The Hawthorne Army Ammunition Plant (hereinafter "Hawthorne Reservation") was originally withdrawn and reserved from the public domain by Executive Order 4531 on October 27,

1 1926. Additional contiguous lands were withdrawn and reserved from the public domain to become
2 a part of the Hawthorne Reservation pursuant to Executive Order 5664 on July 2, 1931, Executive
3 Order 5828 on March 30, 1932 and Executive Order 6958 on February 4, 1935.

4 43. Said lands were reserved for the Hawthorne Ammunition Plant for the exclusive use and
5 benefit of the United States Navy for the development and use as an ammunition depot. In 1979, the
6 management of the Reservation was transferred to the Department of the Army.

7 44. Pursuant to 10 U.S.C. § 3062, Hawthorne's mission includes:

8 (1) preserving the peace and security, and providing for the defense, of the United
9 States, the Territories, Commonwealths, and possessions, and any areas occupied by
10 the United States;

11 53. Paragraphs 1-52 are incorporated herein as if fully set forth in this paragraph 53.

12 54. The Toiyabe National Forest extends from the crest of the Sierra Nevada range in
13 California east to the Cambridge Hills in western Nevada. The Forest was created from several forest
14 reserves which were withdrawn from the public domain beginning in 1907.

15 55. The Toiyabe National Forest is managed under several acts of Congress (hereinafter
16 "Acts") beginning with the Organic Administration Act of 1897, ch. 2, 30 Stat. 34, 16 U.S.C. § 475
17 (1988) which provides that the purposes of the national forests are, inter alia, to "improve and protect
18 the forest within the boundaries, or for the purpose of securing favorable conditions of water flows,
19 and to furnish a continuous supply of timber for the use and necessities of citizens of the United
20 States. . . ." The national forests are also managed under the principles of the Multiple-Use
21 Sustained-Yield Act of 1960, Pub. L. No. 86-517, §§ 1 - 4, 74 Stat. 215, 16 U.S.C. §§ 528-531 (1988)
22 (hereinafter "MUSYA"), which provides that the national forests shall be administered for outdoor
23 recreation, range, timber, watershed and wildlife and fish purposes. Portions of the Toiyabe National
24 Forest are administered pursuant to the Wilderness Act (September 3, 1964) Pub. L. No. 88-577, 78
25 Stat. 890, as amended, 16 U.S.C. §§ 1131-1136 (1988). Additionally, the National Forests and Public
26 Lands of Nevada Enhancement Act of 1988, Pub. L. No. 100-550, § 5, 102 Stat. 2749, 16 U.S.C. §
27 460ccc-3 (1988) which transferred lands between the Forest Service and the Bureau of Land
28 Management, "expressly reserves the minimum quantity of water necessary to achieve the primary

1 purposes for which the lands transferred . . . are withdrawn."

2 56. The United States is entitled to use the waters from the Walker River, its tributaries, and
3 all other waters located in, on, under, or otherwise appurtenant to the lands comprising the Toiyabe
4 National Forest in the amounts of water necessary to fulfill all purposes for which the reservation was
5 created as recognized under federal or state law. Such lands are entitled to a federally reserved water
6 right with a date of priority as of the date said lands were withdrawn and reserved from the public
7 domain.

8 57. In connection with paragraph 56, supra, the United States is entitled to an instream flow
9 reserved water rights in the amounts necessary to fulfill the purposes for which the Toiyabe National
10 Forest was established under the Organic Administration Act of 1897. This includes, but is not
11 necessarily limited to, reserved water rights in amounts necessary for the maintenance of the entire
12 reach of each stream channel and all its named and unnamed tributaries lying within the Toiyabe
13 National Forest.

14 58. The United States also has and is also entitled to both reserved water rights pursuant to
15 the Organic Administration Act and the above noted subsequent Acts as well as water rights under
16 state law, both surface and underground water, both consumptive and non-consumptive, which
17 include but are not necessarily limited to, all aquifers, springs, seeps, rivers, streams, lakes and waters
18 otherwise appurtenant to the Toiyabe National Forest in the amounts necessary to fulfill all present
19 and future administrative purposes on the Toiyabe National Forest as stated in the Acts. The use of
20 these waters include or will include, but is not necessarily limited to: fire management activities,
21 erosion control, revegetation, irrigation, domestic, stockwatering and timber production, which
22 includes but is not limited to, reforestation, road construction and maintenance and silvicultural
23 treatments.

24 59. The United States also has and is also entitled to reserved water rights pursuant to the
25 Organic Administration Act and its successor Acts in both surface and groundwater which includes,
26 but is not necessarily limited to, all aquifers, springs, seeps, rivers, streams, lakes and waters
27 otherwise appurtenant to Toiyabe National Forest in the amounts necessary for fighting fires in said
28 National Forest.

1 60. The United States also has and is also entitled to instream flow water rights in the
2 Toiyabe National Forest within the boundaries of the State of Nevada in the amounts of water
3 necessary to fulfill the purpose of providing habitat for fish and wildlife and for recreational
4 opportunities for the public. To the extent these instream flow claims are not available under state
5 law, the United States has federal reserved water rights for the purposes set forth in the MUSYA,
6 supra. In such instance, the priority date is the date of the enactment of the MUSYA, June 12, 1960.

7 61. The United States also has and is also entitled to riparian rights in the Toiyabe National
8 Forest within the boundaries of the State of California for riparian Forest Service land in the amounts
9 of water necessary to fulfill the purpose of providing watershed management, habitat for fish and
10 wildlife and for recreational opportunities for the public. The priority date for these riparian water
11 rights is the date the United States took title from Mexico under the Treaty of Guadalupe Hidalgo;
12 February 2, 1848. To the extent the above instream flow claims are not available under state law, the
13 United States has federal reserved water rights for the purposes set forth in the MUSYA,supra, with a
14 priority date of June 12, 1960.

15 62. The United States also has and is also entitled to certain appropriative water rights,
16 including rights that either have been permitted and certificated pursuant to Nevada or California
17 state law, or have applications pending for appropriation before the Nevada State Engineer and before
18 the California Water Resources Control Board. In addition, the United States of America has riparian
19 rights pursuant to California state law.

20 TENTH CLAIM FOR RELIEF
21 UNITED STATES MARINE CORPS
22 MOUNTAIN WARFARE TRAINING CENTER

23 63. Paragraphs 1-62 are incorporated herein as if fully set forth in this paragraph 63.
24 64. The United States Marine Corps, Department of the Navy (Marine Corps) operates a
25 training base known as the Mountain Warfare Training Center (hereinafter "MWTC") within the
26 Toiyabe National Forest. The Marine Corps presence in this National Forest dates back to 1951.
27 Pursuant to an agreement with the Forest Service, the Marine Corps uses approximately 45,635 acres
28 of the National Forest for cold weather and mountaineering training and evaluation of prototype

1 equipment. This training area is the only site available to the Marine Corps for these activities. To
2 support these training operations, the Marine Corps uses a 405-acre tract for a Base Camp, located at
3 the confluence of Silver Creek and the West Walker River. Additionally, the Navy owns a family
4 housing area 25 miles from the Base Camp.

5 65. The United States is entitled to use waters from the Walker River, its tributaries, and all
6 other waters located in, on, under, or otherwise appurtenant to the lands of the MWTC in the amounts
7 necessary to fulfill all purposes recognized under the federal and state law. Such lands are entitled to
8 a priority date as of the date of the reservation.

9 66. The Marine Corps is diverting and is also entitled to certain waters pursuant to federal
10 reserved, riparian, overlying, and appropriative water rights, including surface and groundwater
11 sources, which are identified below:

12 a. Silver Creek:

13 Water needs of the Base Camp are supplied by surface diversions from Silver Creek and two
14 groundwater wells, noted below. The Marine Corps uses water from Silver Creek based upon a pre-
15 existing Forest Service claim and statement of diversion (USFS No. 9839), which is based on a
16 riparian right, and has a priority date of 1951. Silver Creek surface water, up to 150 gpm, is diverted
17 via a spillway located upstream of the Base Camp.

18 Silver Creek surface water is used for purposes that include, but are not limited to, training,
19 domestic, industrial, fire protection, irrigation, construction, base hygiene, dust control, equipment
20 and road washing, and future regulatory requirements for fire sprinkler system cross-connection
21 control.

22 b. Base Camp Wells:

23 The Marine Corps' Base Camp domestic water demand is served by two groundwater wells,
24 which are located in the Lower Base Camp up-gradient from all the buildings. Water is diverted from
25 these wells up to the following amount:

26 Well No. 1 - 125 GPM.

27 Well No. 2 - 127 GPM.

28 An application for a Base Camp permit for both wells was submitted on May 26, 1993 to the

1 State of California, Department of Health Services.

2 c. Family Housing, Coleville, CA:

3 The Marine Corps also operates a family housing area on a tract approximately 40 acres in
4 size and about 25 miles from the Base Camp. The facility, owned in fee by the U.S. Navy, is located
5 within the West Walker River watershed on the eastern slope of the Sierra Nevada Mountains
6 between the towns of Topaz, Nevada and Coleville, California. More specifically, the housing
7 facility is located on the west side of highway 395, approximately 1.5 miles north of Coleville and
8 about a quarter mile from the river. The housing area's domestic water demand, including domestic
9 irrigation (lawn-watering of family gardens), is served by five wells. Water is diverted from these
10 wells up to the following amount:

11 Well No. 1 - 21 GPM,

12 Well No. 2 - 27 GPM

13 Well No. 3 - 14 GPM

14 Well No. 4 - 21 GPM

15 Well No. 5 - 200 GPM

16 The State of California, Department of Health Services, granted a permit for Well Nos. 1 - 4
17 on December 15, 1986, as water permit # 86-048, and amended that permit on February 11, 1994, to
18 add Well No. 5 to the system.

WALKER RIVER PAIUTE TRIBE,
Counterclaimant,
UNITED STATES OF AMERICA,
Counterclaimant,
vs.
WALKER RIVER IRRIGATION DISTRICT,
a corporation, et al.
Counterdefendants,
STATE OF NEVADA,
Counterdefendant-Intervenor.

**FIRST AMENDED COUNTERCLAIM OF THE
WALKER RIVER PAIUTE TRIBE**

In its order of October 30, 1992, (document #15) the Court found that the counterclaim filed by the Walker River Paiute Tribe ("Tribe") (document #1) on March 18, 1992, against the Walker River Irrigation District ("WRID") should have been filed as a cross-claim since the Tribe and the WRID were co-plaintiffs with regard to their assertions against the California State Water Resources Control Board. However, the Court also determined that the designation given by the Tribe would remain. In light of the Court's order, the Tribe files this first amended counterclaim as follows:

INTRODUCTION

1. This first amended counterclaim is for the recognition of a right to store water in Weber Reservoir for use on the lands of the Walker River Indian Reservation ("Reservation"), including the lands restored to the Reservation in 1936. Such rights are in addition to the rights to use water from the Walker River awarded to the United States for the benefit of the Tribe in United States v. Walker River Irrigation Dist., In Equity No. C-125 (D. Nev. 1936), as amended by, Stipulation and Agreement for Entry of Amended Final Decree Pursuant to Writ of Mandate of the Circuit Court of Appeals - Ninth Circuit - and also Amended Decree entered herein on April 15, 1936 to Clarify Certain Provisions Thereof, approved by, Order for Entry of Amended Final Decree to Conform to Writ of Mandate, etc., United States v. Walker River Irrigation Dist., In Equity No. C-125 (D. Nev. 1940) ("Final Decree").

2. This first amended counterclaim is also for recognition of a right reserved under federal law to use surface water from the Walker River on the lands restored to the

1 Reservation in 1936. Such rights are in addition to the rights to use water from the Walker
2 River awarded to the United States for the benefit of the Tribe in the Final Decree.

3 3. This first amended counterclaim is also for recognition of a right reserved under
4 federal law to use groundwater underlying and adjacent to the lands of the Reservation,
5 including groundwater underlying and adjacent to the lands restored to the Reservation in
6 1936, on the lands of the Reservation, including the lands restored to the Reservation in 1936.
7 Such rights are in addition to the rights to use water from the Walker River awarded to the
8 United States for the benefit of the Tribe in the Final Decree.
9

10 JURISDICTION

11 4. Jurisdiction over this first amended counterclaim is pursuant to: a) the
12 continuing jurisdiction of the Court over the waters of Walker River and its tributaries in
13 California and Nevada, Final Decree ¶ XIV; b) 28 U.S.C. § 1331, in that this counterclaim
14 arises under the Constitution, laws or treaties of the United States; c) 28 U.S.C. § 1362, in
15 that this counterclaim is brought by the Tribe and arises under the Constitution, laws or
16 treaties of the United States; d) 28 U.S.C. § 1367 which vests the Court with supplemental
17 jurisdiction; and e) 28 U.S.C. § 1651 which authorizes the Court to issue all writs necessary
18 or appropriate in aid of its jurisdiction.
19
20
21

22 PARTIES

23 5. The Tribe is a federally-recognized Indian Tribe organized under the Indian
24 Reorganization Act, 25 U.S.C. §§ 461, 462, 463, 464, 465, 466-470, 471, 472, 473, 474,
25 475, 476-478, 479. The Reservation was established in 1859 with a land base of
26 approximately 320,000 acres. Certain lands which were originally a part of the Reservation
27
28

1 were restored to the Reservation on September 25, 1936, pursuant to the Act of June 22, 1936,
2 49 Stat. 1806-07.

3 6. Counterdefendants are the WRID, the State of Nevada, and all claimants to the
4 waters of the Walker River and its tributaries, including groundwater.
5

6 **GENERAL ALLEGATIONS**

7
8 7. The Tribe currently is entitled to use 26.25 cubic feet per second from the
9 Walker River and its tributaries, with a priority date of November 29, 1859, to irrigate 2,100
10 acres of land on the Reservation as it existed before September 25, 1936. Final Decree ¶ 1.

11 8. Subsequent to April 14, 1936, numerous persons and other entities, including
12 the United States, have appropriated additional waters from the Walker River Basin and its
13 tributaries. In many instances, such claims to the use of water have not been subject to any
14 adjudicative process.
15

16 9. Weber Reservoir is a federally-constructed reservoir located on the Reservation
17 with a storage capacity of approximately 13,000 acre feet. Portions of the reservoir were
18 completed in 1935, and floodgates were added in 1937. The Tribe is entitled to store water
19 from the Walker River in Weber Reservoir for all purposes recognized under federal law
20 including but not limited to irrigation, stock watering, fish and wildlife, and domestic uses.
21

22 10. By the use of Weber Reservoir to store water, the Tribe can irrigate more than
23 the 2,100 acres which it is entitled to irrigate under the terms of the Final Decree.

24 11. The Tribe's priority date for storage in Weber Reservoir is April 15, 1936. The
25 Tribe claims 13,000 acre feet plus evaporation and seepage.
26

27 12. The Act of June 22, 1936, 49 Stat. 1806-07, authorized the Secretary of the
28 Interior to set aside certain lands as an addition to the Reservation for the benefit of the Tribe.

1 In accordance with that legislation, by Order dated September 25, 1936, the Secretary restored
2 to the Reservation approximately 167,460 acres.

3 13. The Tribe is entitled to use water from the Walker River on the lands restored
4 to the Reservation in 1936 for all purposes recognized under federal law including but not
5 limited to irrigation, stock watering, fish and wildlife, recreation and domestic uses.
6

7 14. The instant suit, commenced by the United States in 1924, was brought to quiet
8 title and only concerned the water rights for use on the Reservation as the boundaries existed at
9 the time the suit was commenced. The suit did not adjudicate the groundwater rights of any of
10 the parties in the litigation.
11

12 15. The Tribe is entitled to use groundwater underlying and adjacent to the lands
13 within the Reservation, including groundwater underlying and adjacent to the lands restored to
14 the Reservation in 1936, for all purposes recognized under federal law including but not
15 limited to irrigation, stock watering, fish and wildlife, recreation and domestic uses.
16

17 16. Paragraph XIV of the Final Decree provides that this Court retains jurisdiction
18 for modification of this decree.
19

20 FIRST CLAIM FOR RELIEF

21 17. Paragraphs 1-16 are incorporated herein by reference.

22 18. The Tribe is entitled to store water from the Walker River in Weber Reservoir
23 for all purposes recognized under federal law. The Tribe's right to store water in Weber
24 Reservoir has a priority date of April 15, 1936.
25

The Tribe is entitled to use groundwater underlying and adjacent to the lands of the Reservation, including groundwater underlying and adjacent to the lands restored to the Reservation in 1936, for all purposes recognized under federal law with a priority date of November 29, 1859, on the lands of the Reservation including the lands restored to the Reservation in 1936.

WHEREFORE, the Tribe prays that the Court:

- 1. Pursuant to the jurisdictional bases set forth in Paragraph 4 hereof, reopen and modify the Final Decree to recognize, and declare and quiet title to:
 - A. The right of the Tribe to store water in Weber Reservoir for use on the Reservation including the lands restored to the Reservation in 1936;
 - B. The right of the Tribe to use water on the lands restored to the Reservation in 1936;

UNITED STATES DISTRICT COURT
DISTRICT OF NEVADA

UNITED STATES OF AMERICA,

Plaintiff,

WALKER RIVER PAIUTE TRIBE,
Plaintiff-Intervenor,

vs.

WALKER RIVER IRRIGATION DISTRICT,
a corporation, et al.,
Defendants.

In Equity No. C-125-ECR
Subfile No. C-125-B

CASE MANAGEMENT ORDER

UNITED STATES OF AMERICA,
WALKER RIVER PAIUTE TRIBE,
Counterclaimants,

v.

WALKER RIVER IRRIGATION DISTRICT,
et al.,
Counterdefendants.

The enormity and complexity of the issues pending with respect to the First Amended counterclaims filed by the United States and the Walker River Paiute Tribe certainly suggest that

1 some sort of bifurcation would be helpful in processing the action.
2 Any such bifurcation may involve some duplication of work in
3 relation to subsequent phases of the case. There does not seem to
4 be any way to entirely avoid duplication, but we should endeavor to
5 do so to the extent that we can. Another major concern is whether
6 persons litigating in later phases of the case may find themselves
7 prejudiced by being bound by decisions and adjudications in earlier
8 phases where they did not participate. This, too, we should
9 endeavor to avoid.

10 Without bifurcation of some sort, the case may simply be
11 too big and too complex to process on a reasonable basis.

12 Having determined that some sort of bifurcation is
13 desirable and necessary, we conclude that, in general terms, the
14 proposal of the U.S./Tribe to bifurcate the "Tribal Claims" is as
15 good and logical a basis for dividing the case as has been
16 suggested or can be devised.

17 While many of the defenses to the claims of the
18 U.S./Tribe claims for the Walker River Paiute Indian Reservation
19 may be the same or similar to the defenses that may be offered with
20 respect to the remaining claims of the U.S. for other Indian
21 reservations and lands and federal enclaves and federal lands, each
22 of the remaining claims appears to require development of a
23 distinctly different factual scenario, as well as specific legal
24 basis. This presents one good reason to bifurcate as suggested by
25 the U.S./Tribe. Exactly how the defenses which overlap the claims
26 for the Walker River Paiute Indian Reservation will play out as to

1 each of the other separate claims is uncertain and adds
2 justification for the proposed bifurcation.

3 In the order that follows, we have expanded the
4 categories of water rights holders to be served with process
5 somewhat beyond the categories suggested by the U.S./Tribe in their
6 proposed case management order, but have not included all such
7 categories as have been suggested by the Walker River Irrigation
8 District and States of Nevada and California.

9 The categories to be served with process may be subject
10 to adjustment and modification by order of the Magistrate Judge as
11 he may find to be appropriate. However, we note that we have
12 limited domestic users to be served with process to those whom, it
13 appears, might be affected by pumping of underground water on the
14 Walker River Paiute Indian Reservation. If it is shown that other
15 domestic users could be affected by such pumping or that the
16 underground and surface water constitute a single hydrological
17 system where an earlier priority for the tribe for surface or
18 underground waters could affect the rights of other domestic users,
19 the Magistrate Judge should make an order expanding the category of
20 domestic users who are required to be served with process.

21 We have also expanded the categories of water rights
22 holders who have permits to pump groundwater issued by the State of
23 Nevada and who are required to be served with process to additional
24 Sub Basins in Nevada. This has been done because of the claim that
25 underground and surface waters constitute a single source.

These additional categories are also subject to modification by the Magistrate Judge on the same basis as noted above.

With the conclusion that the Tribal claims should be bifurcated in mind, we then endeavor to devise a case management order to provide for such bifurcation, taking into account the companion considerations noted above.

IT IS, THEREFORE, HEREBY ORDERED that:

(1) The claims of the Tribe contained in the First Amended Counterclaim of the Tribe and the claims of the U.S. on behalf of the Tribe (First, Second, and Third Claims for Relief) set forth in the First Amended Counterclaim of the U.S. are hereby bifurcated from all other claims raised by the U.S. in its pleading. The bifurcated claims are sometimes referred to herein as the "Tribal Claims." Reference to the U.S./Tribe below refers separately to the United States and its said claims, set forth in its First Amended Counterclaim in behalf of the Tribe and to the Walker River Paiute Tribe and its claims set forth in its First Amended counterclaim.

(2) The Tribal Claims shall proceed as described in this Case Management Order. All discovery and all other proceedings in this action included in or in connection with the said First Amended Counterclaims are stayed, until the further order of the court, and except as provided in this order.

(3) Prior to the resolution of the Threshold issues identified below, the U.S./Tribe shall effect service of their respective First Amended Counterclaims, notices in lieu of summons, requests for waiver of service, and the within Case Management Order on all of the members of the categories of water rights holders described below. Each of the members of each said category shall be named as a Counterdefendant in this case.

(a) The successors in interest to all water rights holders under the Decree (April 14, 1936), modified, Order for Entry of Amended Final Decree to Conform to Writ of Mandate, Etc. (April 24, 1940) ("1936" Decree).

(b) All holders of surface water rights under the laws of the States of Nevada and California in the Walker River Basin who are not presently parties to this adjudication.

(c) All holders of permits or certificates to pump groundwater issued by the State of Nevada and domestic users of groundwater within Sub Basins 107 (Smith Valley), 108 (Mason Valley), 110A (Schurz Subarea of the Walker Lake Valley), and 110B (Walker Lake Subarea of the Walker Lake Valley).

(d) All holders of permits or certificates to pump groundwater issued by the State of Nevada within Sub Basins 106 (Antelope Valley), 109 (East Walker), and 110C (Whiskey Flat-Hawthorne Subarea of Walker Lake Groundwater Basin).

(f) All holders of "vested rights" to the use of groundwater under the laws of the State of Nevada within the Walker River Basin.

(g) All municipal providers in Nevada within the Walker River Basin who currently use groundwater.

(h) All municipal providers in California within the Walker River Basin who currently use groundwater.

(i) All industrial users in Nevada within the Walker River Basin who currently use groundwater.

(4) Subject to the requirements of this order, within 60 days of entry of this Case Management Order the parties shall file an agreed-upon Notice in Lieu of Summons for the Tribal Claims and agreement upon procedures for recording Lis Pendens to the Magistrate Judge for his consideration and approval. To the extent the parties cannot agree on any of these issues they shall, within said period of time, file their own proposals regarding such issues for consideration and decision by the Magistrate Judge. Procedures for recording of Notices of Lis Pendens will be determined by the Magistrate Judge by order.

(5) To the extent the U.S. and the Tribe cannot effect service or obtain a waiver of service from all the individual members of the categories of water rights holders and users listed above, and all other claimants to surface and groundwater rights not identified or who are unknown, the U.S./Tribe may move for publication of summons consistent with Fed. R. Civ. P. 4 and the laws and rules applicable for Nevada and California respectively to

1 the extent they are to be used according to Fed. R. Civ. P. 4. The
2 Magistrate Judge shall consider any such motion and rule on the
3 same so as to grant or deny such motion for publication in whole or
4 in part.

5 (6) The Magistrate Judge shall establish a schedule for
6 completion of service of process which may be modified by further
7 order from time to time as appropriate.

8 The Magistrate Judge is authorized to consider and decide
9 all issues which may arise pertaining to service of process.

10 (7) The Magistrate Judge shall conduct all necessary
11 proceedings and shall decide how the information shall be obtained
12 by the U.S./Tribe to enable them to identify the individuals and
13 entities with claims to surface water and/or groundwater in the
14 Walker River Basin who are the appropriate counterdefendants to the
15 U.S./Tribe said counterclaims. The Magistrate Judge shall
16 determine the responsibilities of the respective parties to provide
17 such information and at whose cost. Such information may be
18 ordered obtained through orders devised by the court or discovery
19 or other processes, so that the litigation may proceed in a
20 reasonable manner.

21 In this connection, the Magistrate Judge shall also
22 consider and determine how, when, and at whose cost information
23 regarding changes or modification in the individuals or entities
24 with such water rights claims shall be provided as between the
25 parties and the entities which receive information respecting any
26

1 such changes, until service of process is complete on the
2 counterclaims.

3 (8) The U.S./Tribe may seek costs of service pursuant to
4 the requirement of Fed. R. Civ. P. 4(d) during their service
5 efforts under this Case Management Order.

6 (9) After the U.S./Tribe have received the information
7 and compiled the list of parties whom they intend to serve, that
8 list and a description of the procedures by which it was compiled
9 shall be filed and provided to the parties who shall have such
10 period of time as the Magistrate Judge shall determine to file
11 objections indicating whether the list is complete and includes all
12 such water rights claimants within the categories described in
13 paragraph (3) above who can reasonably be identified. The
14 Magistrate Judge shall consider and rule on all such objections.
15 Corrections to the list of intended parties may be made during the
16 period of the service of process upon appropriate notice and
17 approval of the Magistrate Judge.

18 Scheduling, Case Management

19 (10) Following completion of service of process on the
20 said counterclaims, the Magistrate Judge shall receive
21 recommendations of the parties for procedures for scheduling and
22 for the efficient management of the litigation given the number of
23 parties to the case. Such procedures may include the use of common
24 counsel, special procedures for service of pleadings, or any other
25 mechanisms deemed likely to reduce the burdens on the parties and
26 the court in a case of this magnitude. The Magistrate Judge shall

Threshold Issues Relative to Tribal Claims

(11) As soon as convenient after the entry of this order, and upon appropriate notice to the parties presently appearing in the case, the Magistrate Judge shall consider and make a preliminary determination of the threshold issues to be addressed at the outset of the litigation on the U.S./Tribe said counterclaims. Scheduling of such consideration shall go forward notwithstanding other proceedings provided for in this order. The list of threshold issues regarding said claims will not be finally resolved and settled by the Magistrate Judge until all appropriate parties are joined. Nevertheless, the parties are directed to identify all potential threshold issues promptly and to submit them to the Magistrate Judge for consideration, as he shall direct, so that action may proceed as promptly as possible upon conclusion of service of process. In general, threshold issues, among others, shall address jurisdiction, claim, preclusion, applicable law, equitable and other defenses which may be raised by any party.

Among others, the Magistrate Judge shall consider inclusion in the list of threshold issues to the resolution of the said Tribal Claims to be addressed at the outset of the litigation:

(a) Whether this court has jurisdiction to adjudicate the said Tribal Claims. If so, to what extent should the court exercise its jurisdiction in these matters. In this connection, what is the scope of this court's subject matter

jurisdiction to adjudicate the Tribal Claims to groundwater, as well as to additional surface waters?

(b) Does federal law govern the pumping of groundwater on the Walker Lake Paiute Indian Reservation by the Tribe or the U.S. on its behalf?

(c) If the Tribe has the right to pump groundwater under federal law, are such rights, as a matter of federal law, subject to different protections than those provided by State law?

(d) Whether the court has jurisdiction over groundwater used pursuant to State law outside the exterior boundaries of the Walker River Paiute Indian Reservation if such use interferes with the Tribe's rights under federal law to use water from the Walker River system. If so, should the court exercise that jurisdiction?

(e) Whether equitable defenses bar some or all of the said Tribal Claims. Within such time as shall be fixed by the Magistrate Judge the parties now or hereafter appearing in the case shall file for consideration by the Magistrate Judge a statement as to any defenses or issues they intend to assert.

(f) Whether, regardless of the extent of hydrologic connection between surface and groundwater, this court is required to accept the distinction drawn between surface water rights and groundwater rights provided by California and Nevada law.

(h) If the only jurisdiction of this court with respect to groundwater issues is to protect surface water rights established under federal law from interference by junior groundwater users, must the issues of interference be decided as a part of the adjudication of federal surface water claims.

Phasing of Proceedings

(12) Pretrial proceedings in this case with respect to the Tribal Claims shall be conducted in multiple phases as follows:

(a) **Phase I** of the proceedings shall consist of the threshold issues as identified and determined by the Magistrate Judge.

(b) **Phase II** will involve completion and determination on the merits of all matters relating to the said Tribal Claims.

A Scheduling Order shall be entered by the Magistrate Judge, in accordance with this order, and such other appropriate matters as he shall consider necessary to provide for completion of consideration of Phases I, II, and subsequent phases in the case.

(c) Additional phases of the proceedings shall encompass all remaining issues in the case. Such phases shall be

1 determined and scheduled by the Magistrate Judge and may, to
2 the extent he determines, overlap Phases I and II as
3 appropriate. We do anticipate, however, that the additional
4 phases will not be scheduled by the Magistrate Judge at least
5 until the threshold issues as set forth above have been
6 decided on the merits. The additional phases shall include,
7 but not be limited to:

- 8 (a) All other claims, crossclaims, counterclaims,
9 defenses and issues raised by the pleadings of the
10 parties that are not included in the threshold
11 issues.
12 (b) All other issues related to the Tribal Claims.
13 (c) All issues related to the other Federal Claims.

14 Responses to Process

15 (13) The notices in lieu of summons shall notify the
16 persons or entities served concerning how and when they must
17 respond. They shall be directed to file and serve upon the U.S.,
18 the Tribe, the Walker River Irrigation District, the States of
19 Nevada and California, within 60 days after completion of service
20 of process (or where service is by publication within 60 days after
21 the last day of publication of such service), a notice of
22 appearance and intent to participate. No Answers or other pleading
23 will be required except upon further order of the Magistrate Judge
24 entered thereafter. No default shall be taken for failure to
25 appear.
26

1 (14) Upon completion of Phase I it may be necessary to
2 join additional parties.

3 Discovery, Motions and Further Proceedings

4 (15) Once the Magistrate Judge has finally determined the
5 threshold issues, discovery shall be allowed to all parties on the
6 threshold issues. Discovery shall also be permitted during that
7 same time period concerning the basis for the Tribal Claims; such
8 discovery shall be limited to propounding of interrogatories and
9 requests for production of documents relating to the contentions of
10 the U.S./Tribe with respect to the basis for the Tribal Claims.

11 The discovery provided for in this paragraph (15) shall
12 be conducted for such period and according to such terms,
13 conditions, modifications and extensions to this order as shall be
14 determined to be appropriate by the Magistrate Judge.

15 As provided above, all other discovery is stayed.

16 (16) Motions which may be dispositive or partially
17 dispositive of any threshold issue shall be deferred until
18 completion of discovery as permitted by this order and shall be
19 filed thereafter within such time period and schedules for answers
20 and replies as shall be determined by the Magistrate Judge. Such
21 dispositive motions, however, will be decided by the undersigned
22 judge.

23 (17) To the extent the threshold issues are not resolved
24 by motions, an evidentiary hearing shall be held before the
25 undersigned judge at such time and according to such conditions

(18) If a party wishes to perpetuate testimony relevant to this matter, that party shall comply with Fed. R. Civ. P. 27 and any applicable Local Rule. The Magistrate Judge will consider and determine all issues pertaining to perpetuation of testimony.

(19) Any party may move for modification of this Case Management Order for good cause shown. The Magistrate Judge shall have authority to change, modify and adjust this order. The Magistrate Judge shall hold regular periodic status conferences at times he shall determine, so that he and the parties may be advised as to the progress of the case and problems encountered, so that appropriate changes, modifications, and adjustments may be made in this order and such problems addressed.

IT IS FURTHER ORDERED that the Joint Motion For Leave to Serve First Amended Counterclaim filed by U.S./Tribe (#62) is **GRANTED** on the basis and to the extent set forth in this order.

ORDER – DISCLAIMER OF INTEREST

The following background information is provided to aid in understanding the reasons for and what is required by this Order:

1. The Court has ordered that certain categories of persons and entities be included as parties in this action because they own water rights within one or more of the nine categories set forth in Paragraph 3 of the Court’s April 18, 2000 Case Management Order.

2. It is possible that some of the specific persons or entities who are served with a Waiver of Service of Notice in Lieu of Summons, Notice of Lawsuit, or a Notice in Lieu of Summons do not belong in this action, because, for example, they may have sold or otherwise conveyed the ownership of all water rights subject to this action prior to being served.

3. A change in ownership of a water right can occur in a number of ways and for a variety of reasons. Often a change in ownership of a water right occurs when ownership of the land on which the water is used changes. A change in ownership may involve a sale, a gift, a death or even a divorce. It may also involve estate or business planning decisions, such as conveyance to an intervivos trust or a limited liability company. Frequently, changes in ownership are accomplished by a deed. However, in an estate or divorce proceeding, they may be accomplished by an order of a court. These examples are not an exclusive list of all of the ways

1
2 in which a change in ownership may occur.

3 4. It is important that the Court and the Plaintiffs be notified if a person or entity who
4 receives service by mail or personal service does not, in fact, have any ownership interest in a
5 water right in any of the nine categories set forth in Paragraph 3 of the Court's April 18, 2000
6 Case Management Order. In addition, that person or entity need not be burdened with this
7 litigation and, if there was a change in ownership, a new party may need to be added to the
8 action. Before any such person may be omitted from this action, certain information and
9 documents will have to be provided to the Plaintiffs and the Court.

10 Based upon the foregoing, it is hereby ORDERED as follows:

11 1. If any person or entity receiving service by mail or personal service has no
12 interest in any water right within any of the nine categories set forth in Paragraph 3 of the *Case*
13 *Management Order* (Apr. 18, 2000)^{1/}, that person or entity shall notify the Court and the United
14

15
16 ^{1/} You should review the *Case Management Order* and *First Amended Counterclaims* filed by
17 the United States and by the Walker River Paiute Tribe, which are included in the materials served upon
18 you. For convenience, the nine categories of persons and entities that the Court has ordered to be served
19 and named are listed here:

- 20 1. Category 3.a.: The successors in interest to all water rights holders under the Decree (April
21 14, 1936), modified, Order of Entry of Amended Final Decree to Conform to Writ of Mandate,
22 Etc. (April 24, 1940) ("Decree").
- 23 2. Category 3.b.: All holders of surface water rights under the laws of the States of Nevada and
24 California in the Walker River Basin who are not presently parties to this adjudication.
- 25 3. Category 3.c.: All holders of permits or certificates to pump groundwater issued by the State
26 of Nevada and domestic users of groundwater within Sub Basins 107 (Smith Valley), 108 (Mason
27 Valley), 110A (Schurz Subarea of the Walker Lake Valley), and 110B (Walker Lake Subarea of
28 the Walker Lake Valley).
4. Category 3.d.: All holders of permits or certificates to pump groundwater issued by the State
of Nevada within Sub Basins 106 (Antelope Valley), 109 (East Walker), and 110C (Whiskey Flat-
Hawthorne Subarea of Walker Lake Groundwater Basin).
5. Category 3.e.: All users of groundwater for irrigation in California in the Walker River Basin.

- A. The name and address of the person or entity who sold or otherwise conveyed ownership;
- B. The name and address of each person or entity who acquired ownership; and
- C. A copy of the deed, court order or other document by which the change in ownership was accomplished.

4. The form and substance of the disclaimer and notice shall substantially conform to the form attached to this Order as Exhibit A.

5. Following their receipt from any person or entity disclaiming any interest in any of the water rights at issue in this case of a Waiver of Service of Notice in Lieu of Summons and any Disclaimers of Interest and accompanying information and documents sought by this Order, Plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting that person or entity filing such materials from this case.

6. If Plaintiffs do not receive a Waiver of Service of Notice in Lieu of Summons and must personally serve a person or entity that subsequently files a Disclaimer of Interest pursuant to this Order, Plaintiffs will also review the materials received and, if appropriate, seek the Court's concurrence in omitting the person or entity from this case, but that person or entity may be subject to paying the costs related to formal personal service on them.

7. Despite the above provisions, any person or entity who files a Disclaimer of Interest in this matter is ultimately responsible for the accuracy of this filing. Consequently, any person or entity who files a Disclaimer of Interest, but, in fact, has water rights subject to this litigation, shall nevertheless be bound by the results of this litigation.

8. Any person or entity subject to service under the Federal Rules of Civil Procedure who receives notice of this action in the manner provided by Federal Rule of Civil Procedure 4(d) remains subject to the duty to avoid unnecessary costs of serving the summons, even if that person or entity ultimately disclaims any ownership interest in any of the water rights described by Paragraph 3 of the Court's April 18, 2000 Case Management Order.

**ORDER REGARDING
CHANGES IN OWNERSHIP
OF WATER RIGHTS**

The following background information is provided to aid in understanding the reasons for and what is required by this Order:

1. The Court has ordered that certain categories of persons and entities be included as parties to this action because they own water rights within one or more of the nine categories set forth in Paragraph 3 of the Court's *Case Management Order* (Apr.18, 2000).
2. During the course of this action, it is possible that a party will sell or otherwise convey ownership of all or a portion of the water rights which that party owned when brought into this action by a Waiver of Service of Notice in Lieu of Summons or by service of a Notice in Lieu of Summons.
3. A change in ownership of a water right or a portion of a water right can occur in a number of ways and for a variety of reasons. Often a change in ownership of a water right occurs when ownership of some or all of the land on which the water is used changes. A change in ownership may involve a sale, a gift, a death or even a divorce. It may also involve estate or business planning decisions such as conveyance to an intervivos trust or a limited liability company. Frequently changes in ownership are accomplished by a deed. However, in an estate or divorce proceeding they may be accomplished by an order of a court. These examples are

1 not a exclusive list of all of the ways in which a change in ownership may occur.

2 4. It is important that the Court and the Plaintiffs be notified of changes in the
3 ownership of water rights while this action is pending because among other things, a change in
4 ownership may require that a new party be included in the action, or that a present party be
5 dismissed or both.

6 Based upon the foregoing it is hereby ORDERED as follows:

7 1. If a party to this action sells or otherwise conveys ownership of all or a portion of
8 any water right within any of the nine categories set forth in Paragraph 3 of the *Case*
9 *Management Order* (Apr. 18, 2000)^{1/}, that party shall, within sixty days after any such change in
