TO ALL INTERESTED PERSONS:

YOU ARE HEREBY NOTIFIED that:

1. On the 18th of March, 1992, there was filed in the
Office of the Clerk of the above-entitled Court, the Walker River
Paiute Tribe's Answer to the First Amended Petition, and
Counterclaim and Cross-Claim of the Walker River Paiute Tribe
(hereinafter "the Tribe").

2. The Counterclaim of the Tribe consists of two claims for relief, while the Cross-claim consists of one claim for relief. This notice pertains to both the counterclaim and cross-claim requests for relief.

3. The first claim for relief under the counterclaim involves the right of the Tribe to store water in Weber Reservoir.

4. The first claim for relief alleges that the Tribe is entitled to store water in Weber Reservoir for all purposes allowed under federal law with a priority date of April 15, 1936.

5. The second claim for relief under the counterclaim involves the right of the Tribe to use water on lands restored to the reservation pursuant to the Act of June 22, 1936, 49 Stat. 1806-07 with a priority date as of the date of restoration.

6. The second claim for relief alleges that the Tribe is entitled to use water from the Walker River and its tributaries on the restored lands of the Reservation for all purposes recognized under federal law.

7. The claim for relief under the cross-claim involves the protection of the Tribe's rights to direct flow rights from the Walker River, storage rights in Weber Reservoir and water rights for the restored lands to the Reservation.

8. The claim for relief alleges that the Tribe has a federally protected right to use of 26.25 cfs of direct flow from the Walker River and its tributaries, a storage right for Weber Reservoir, and a federally reserved water right for lands that have been restored to the Reservation.

9. The claim for relief under the cross-claim seeks a declaratory judgement and an injunction that:

a. The Tribe has a right to the unencumbered use of 26.25 cfs to irrigate 2100 acres of its reservation land;

b. The Tribe is entitled to store water in Weber Reservoir for all purposes allowed under federal law;

d. The Board and Board Members have no authority or control over the federal reserved rights of the Tribe;

e. The laws of California, including the California Fish and Game Code, are inapplicable to the federal reserved water rights of the Tribe.

10. The claims under the counterclaim and the cross-claim both seek such other relief as the Court may deem just and proper.
