Dear Ms. Shearer:

Enclosed for filing please find the original and three copies of the United States' RETURN OF SERVICE OF PROCESS in the above referenced case and two CD-Roms containing the same document in Word Perfect format.

Pursuant to my conversation with Brenda Gorbet, a complete set of exhibits is attached to only the original document. The two copies for the Court's use have only Exhibit 1 and an exhibit sheet in place of Exhibits 2 through 4.

Please return a date-stamped copy of the pleading and exhibit sheet labeled Exhibits 1 through 4 in the enclosed, stamped envelope.

Thank you for your assistance in this matter.

You are hereby summoned and required to file with the United States District Court for the District of Nevada, a NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE within 60 days after the service of the FIRST AMENDED COUNTERCLAIM of the United States of America and the FIRST AMENDED COUNTERCLAIM of the Walker River Paiute Tribe, which are herewith served upon you.

Under the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case, you are not obligated to answer either the FIRST AMENDED COUNTERCLAIM filed by the United States of America or the FIRST AMENDED COUNTERCLAIM filed by the Walker River Paiute Tribe except upon further order of the Court.

Copies of your NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE shall

also be mailed to:

The plaintiff, the United States of America, has filed a FIRST AMENDED COUNTERCLAIM in the United States District Court for the District of Nevada, in an action entitled *United States v. Walker River Irrigation District*. The plaintiff-intervenor, Walker River Paiute Tribe, has also filed a FIRST AMENDED COUNTERCLAIM in the same case. A copy of each FIRST AMENDED COUNTERCLAIM is attached to this notice. The documents have been filed in the District Court and have been assigned docket number In Equity C-125, Subfile C-125-B. Also attached is the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case.

You should note that on May 27, 2003, the Court stayed all proceedings in this matter, except for service-related matters, to allow the United States, the State of Nevada, the State of California, the Walker River Paiute Tribe, the Walker River Irrigation District, Mono County, California, Lyon County, Nevada, Mineral County, Nevada, and the Walker Lake Working Group ("Mediating Parties") to attempt to mediate a settlement. *Order Governing Mediation Process* (May 27, 2003). Although the Mediation Process is confidential, the Mediation Process Agreement signed by the Mediating Parties recognizes that all parties to this case, among others, will need to be informed at appropriate times about the Mediation Process.

The materials in this package include seven [7] documents that you should review; please note that two of these documents address the sale or other conveyance of your water rights or if you believe that you should not be a party to this lawsuit. These documents are listed in Attachment A to this Notice in Lieu of Summons, and are explained below. **Please read these**

materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

Dated: April 26, 2005

LANCE S. WILSON, CLERK

materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

Under the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case, you are not obligated to answer either the FIRST AMENDED COUNTERCLAIM filed by the United States of America or the FIRST AMENDED COUNTERCLAIM filed by the Walker River Paiute Tribe except upon further order of the Court.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER - DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER - DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court’s concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

SUMMONS

TO: Diane L. Smith

You have been named as a Defendant in a civil action filed in the United States District Court in Reno, Nevada, entitled *United States v. Walker River Irrigation District* and assigned the court docket number In Equity C-125, Subfile C-125-B. You have been named as a Defendant because you are among a large number of persons and entities identified as having an ownership interest in certain water rights that the Court has directed to be included in this case.

You are hereby summoned and required to file with the United States District Court for the District of Nevada, a NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE within 60 days after the service of the FIRST AMENDED COUNTERCLAIM of the United States of America and the FIRST AMENDED COUNTERCLAIM of the Walker River Paiute Tribe, which are herewith served upon you.

Under the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case, you are not obligated to answer either the FIRST AMENDED COUNTERCLAIM filed by the United States of America or the FIRST AMENDED COUNTERCLAIM filed by the Walker River Paiute Tribe except upon further order of the Court.

Copies of your NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE shall

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

You have been named as a Defendant because you are among a large number of persons and entities identified as having an ownership interest in certain water rights that the Court has directed to be included in this case.

You are hereby summoned and required to file with the United States District Court for the District of Nevada, a **NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE within 60 days after the service of the FIRST AMENDED COUNTERCLAIM of the United States of America and the FIRST AMENDED COUNTERCLAIM of the Walker River Paiute Tribe, which are herewith served upon you.**

Under the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case, you are not obligated to answer either the FIRST AMENDED COUNTERCLAIM filed by the United States of America or the FIRST AMENDED COUNTERCLAIM filed by the Walker River Paiute Tribe except upon further order of the Court.

Copies of your NOTICE OF APPEARANCE AND INTENT TO PARTICIPATE shall

materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

materials carefully, as they are important to your legal rights and legal obligations.

There are also two Orders included herein that require you to provide certain information to the Court and the United States in two different circumstances. First, the Court anticipates use of the form attached to the ORDER – DISCLAIMER OF INTEREST in connection with the initial service upon you of the documents in this package if you have no interest in any water right within any of the nine categories of PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). If you contend that you have been included in this litigation in error because you have no such interest, you should follow the directions in the ORDER – DISCLAIMER OF INTEREST and provide the information and documents requested. Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court's concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). This Order requires you to notify the Court if you transfer any portion of your water right to another person or entity. That notice must include identification of the water right subject to the transfer, the nature of the transfer, and the name and address of the recipient of the water right. You should review this Order carefully and retain copies of it and the attached form entitled NOTICE OF CHANGE OF OWNERSHIP OF WATER RIGHT for your use.

Walker River Irrigation District*. The plaintiff-intervenor, Walker River Paiute Tribe, has also filed a FIRST AMENDED COUNTERCLAIM in the same case. A copy of each FIRST AMENDED COUNTERCLAIM is attached to this notice. The documents have been filed in the District Court and have been assigned docket number In Equity C-125, Subfile C-125-B. Also attached is the CASE MANAGEMENT ORDER (Apr. 18, 2000) governing this phase of the case.

You should note that on May 27, 2003, the Court stayed all proceedings in this matter, except for service-related matters, to allow the United States, the State of Nevada, the State of California, the Walker River Paiute Tribe, the Walker River Irrigation District, Mono County, California, Lyon County, Nevada, Mineral County, Nevada, and the Walker Lake Working Group ("Mediating Parties") to attempt to mediate a settlement. *Order Governing Mediation Process* (May 27, 2003). Following receipt of any DISCLAIMERS OF INTEREST IN WATER RIGHTS AND NOTICE OF RELATED INFORMATION AND DOCUMENTATION SUPPORTING DISCLAIMER and the accompanying information and documents, plaintiffs will review the materials received and, if appropriate, seek the Court’s concurrence in omitting you from this case.

Second, the Court intends use of the form attached to the ORDER REGARDING CHANGES IN OWNERSHIP OF WATER RIGHTS for each and every sale or other conveyance of the ownership of all or a portion of any water right within any of the nine categories set forth in PARAGRAPH 3 of the CASE MANAGEMENT ORDER (Apr. 18, 2000). FIRST AMENDED COUNTERCLAIM OF THE
UNITED STATES OF AMERICA

COMES NOW, the United States of America, at the request of the Secretary of Defense, the Secretary of Agriculture, and the Secretary of the Interior, by and through its undersigned attorneys, on its own behalf and for the benefit of the Walker River Paiute Tribe, the Yerington Paiute Tribe, the Bridgeport Paiute Indian Colony, and several individual Indians who are owners of allotments, either held in trust by the United States or held in restricted status by the United States, and herewith asserts the following claims:

INTRODUCTION

1. This first amended counterclaim is made for the confirmation and declaration of certain rights in the United States to the use and storage of water in, on, under and otherwise appurtenant to certain lands in the Walker River basin owned by the United States that are under the jurisdiction of the Department of Defense, the Department of Agriculture and the Department of the Interior; or, held in trust or restricted status by the United States for the benefit of individual Indians, and certain Indian Tribes. The rights set forth in this first amended counterclaim are in addition to the right to divert the natural flow of the Walker River and its tributaries, awarded to the United States in the Decree entered in this action on April 15, 1936, as amended on April 24, 1940 in United States v. Walker River Irrigation Dist., In Equity No. C-125, hereinafter, the "Decree."

JURISDICTION

2. Jurisdiction over this first amended counterclaim is pursuant to (i) the continuing jurisdiction of this Court, by virtue of the Decree entered herein, over the waters of the Walker River and its tributaries in California and Nevada; (ii) 28 U.S.C. §1345 in that the proceedings are brought by the United States; (iii) 28 U.S.C. §1367 which vests the court with supplemental jurisdiction; (iv)

1 28 U.S.C. §1651 which authorizes the court to issue all writs necessary or appropriate in aid of its
2 jurisdiction; (v) 28 U.S.C. §1331, in that this first amended counterclaim is brought by the United
3 States of America, on its own behalf and for the benefit of individual Indians, and Indian Tribes, and
4 the matter in controversy arises under the Constitution, laws or treaties of the United States.

5
6 **PARTIES**

7 3. Counterclaimant, the United States of America, appears in this case on its own behalf and
8 for the benefit of specified individual Indians, and certain Indian Tribes.

9 4. Counterdefendants are all claimants to water of the Walker River and its tributaries,
10 including groundwater.

11
12 **GENERAL ALLEGATIONS**

13 5. The United States of America, under the Decree, currently has the right to use the natural
14 flow of the waters of the Walker River and its tributaries in the amount of 26.25 cubic feet per second
15 with a priority date of November 29, 1859, to irrigate 2,100 acres of land on the Walker River
16 Reservation.

17 6. The suit commenced by the United States in 1924, under Docket Number C-125, was
18 brought to quiet title and only concerned the water rights for use on the Walker River Indian
19 Reservation as those boundaries existed at the time the suit was commenced. The suit did not
20 adjudicate the groundwater rights of any of the parties in the litigation.

21 7. Paragraph XII of the 1936 Decree, entered on April 15, 1936, was amended on April 24,
22 1940, to reflect that the Decree determined water rights "as of the 14th day of April, 1936."
23 Paragraph XIV of the Decree provides that this Court retains jurisdiction for a number of purposes,
24 including modification of the Decree.

25 8. Subsequent to April 14, 1936, numerous persons and other entities, including the United
26 States, have appropriated additional waters from the Walker River Basin and its tributaries. In many
27 instances such claims to the use of water have not been subject to any adjudicative process.

28 9. In addition to the Walker River Indian Reservation, there are other lands within the Walker

1. River Basin owned by the United States that are under the jurisdiction of the Department of Defense,
2 the Department of Agriculture and the Department of the Interior. There are also lands in the Walker
3 River Basin, in addition to the Walker River Indian Reservation, owned by the United States and held
4 in trust or restricted status for the benefit of specified individual Indians, the Bridgeport Paiute Indian
5 Colony and the Yerington Paiute Tribe.

6 These lands and their appurtenant water rights and claims for water are more particularly
7 described below.

8
9 FIRST CLAIM FOR RELIEF

10 WEBER RESERVOIR

11 10. Weber Reservoir is a federally-constructed reservoir located on the Walker River Indian
12 Reservation with a storage capacity of approximately 13,000 acre feet. The reservoir was practically
13 completed in 1935, although floodgates were added in 1937. The United States, for the benefit of the
14 Walker River Paiute Tribe, is entitled to store water from the Walker River and its tributaries in
15 Weber Reservoir for all purposes recognized under federal law including but not limited to irrigation,
16 stock watering, fish and wildlife, and domestic uses.

17 11. By the use of Weber Reservoir to store water, the Walker River Paiute Tribe can irrigate
18 more than the 2,100 acres which it presently is entitled to irrigate under the terms of the Decree.

19 12. The right to store water in Weber Reservoir has a priority date of April 15, 1936. The
20 amount claimed is 13,000 acre-feet plus evaporation and seepage.

21 SECOND CLAIM FOR RELIEF

22 LANDS RESTORED TO WALKER RIVER RESERVATION

23 13. Paragraphs 1-12 are incorporated herein as if fully set forth in this paragraph 13.

24 14. The Walker River Indian Reservation was established in 1859 with a land base of
25 approximately 320,000 acres. Under the Act of May 27, 1902, 32 Stat. 260-261, the Reservation land
26 base substantially reduced. A substantial part of these original Reservation lands, however, were
27 restored to the Reservation on September 25, 1936, pursuant to the Act of June 22, 1936. The Act of
28 June 22, 1936, 49 Stat. 1806-07, authorized the Secretary of the Interior to set aside certain lands as

1 an addition to the Walker River Indian Reservation. In accordance with the legislation, by Order
2 dated September 25, 1936, the Secretary restored to the Walker River Indian Reservation
3 approximately 167,460 acres.

4 15. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to use
5 water from the Walker River, its tributaries, and all other water located in, on, under, adjacent or
6 otherwise appurtenant to the restored lands of the Reservation for all purposes recognized under
7 federal law. The restored lands of the Reservation are entitled to a federal reserved water right as of
8 the date of restoration.

9 16. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to water
10 rights for the restored lands in addition to the rights now recognized for use on the lands of the
11 Reservation under the Decree.

12
13 **THIRD CLAIM FOR RELIEF**

14 **GROUNDWATER FOR ALL LANDS WITHIN WALKER RIVER RESERVATION**

15 17. The United States, for the benefit of the Walker River Paiute Tribe, is entitled to use the
16 groundwater of the Walker River basin located in, under, adjacent or otherwise appurtenant to all
17 lands of the Walker River Indian Reservation not otherwise claimed in this First Amended
18 Counterclaim.

19 18. The amount claimed is the amount necessary to fulfill the purposes of the Reservation.

20 19. The priority date claimed is November 29, 1859, or, in the alternative, April 15, 1936.

21 **FOURTH CLAIM FOR RELIEF**

27 described.

28 22. The Yerington Reservation is located in Lyon County, Nevada, approximately eighty (80)

26 date claimed is April 9, 1979.

27 24. The federal reserved water claimed for the benefit of the Yerington Paiute Tribe is claimed
28 in order to fulfill the purposes of the Reservation. In addition to the claims set forth

1 above for federal reserved rights, the United States also seeks a declaration and confirmation of the
2 water rights held under state law which have been acquired in connection with the above described
3 parcels.

4
5 FIFTH CLAIM FOR RELIEF

6 BRIDGEPORT PAIUTE INDIAN COLONY

7 25. Paragraphs 1-24 are incorporated herein as if fully set forth again in this paragraph 25.

21 to fulfill the purposes of the Colony.

22
23 SIXTH CLAIM FOR RELIEF

24 GARRISON AND CLUETTE ALLOTMENTS

25 31. Paragraphs 1-30 are incorporated herein as if fully set forth again in this paragraph 31.

26 32. The United States, at the request of the Secretary of the Interior, and for the benefit of the
27 Garrison and Cluette allottees makes the following claim for water from the Walker River, its
28 tributaries, and all other water located in, on, under, adjacent or otherwise appurtenant to the lands

1 hereinafter described.

2 33. The Garrison and Cluette Allotments are both located in S. 17, T. 8 N., R. 23 E.,

2 a part of the Hawthorne Reservation pursuant to Executive Order 5664 on July 2, 1931, Executive
3 Order 5828 on March 30, 1932 and Executive Order 6958 on February 4, 1935.

4 43. Said lands were reserved for the Hawthorne Ammunition Plant for the exclusive use and
5 benefit of the United States Navy for the development and use as an ammunition depot. In 1979, the
6 management of the Reservation was transferred to the Department of the Army.

7 44. Pursuant to 10 U.S.C. § 3062, Hawthorne's mission includes:

8 (1) preserving the peace and security, and providing for the defense, of the United
9 States, the Territories, Commonwealths, and possessions, and any areas occupied by
10 the United States;

11 (2) supporting the national policies;

12 (3) implementing the national objectives; and

11 53. Paragraphs 1-52 are incorporated herein as if fully set forth in this paragraph 53.

12 54. The Toiyabe National Forest extends from the crest of the Sierra Nevada range in
13 California east to the Cambridge Hills in western Nevada. The Forest was created from several forest
14 reserves which were withdrawn from the public domain beginning in 1907.

15 55. The Toiyabe National Forest is managed under several acts of Congress (hereinafter
16 "Acts") beginning with the Organic Administration Act of 1897, ch. 2, 30 Stat. 34, 16 U.S.C. § 475
17 (1988) which provides that the purposes of the national forests are, inter alia, to "improve and protect
18 the forest within the boundaries, or for the purpose of securing favorable conditions of water flows,
19 and to furnish a continuous supply of timber for the use and necessities of citizens of the United
20 States. . . ." The national forests are also managed under the principles of the Multiple-Use
21 Sustained-Yield Act of 1960, Pub. L. No. 86-517, §§ 1 - 4, 74 Stat. 215, 16 U.S.C. §§ 528-531 (1988)
22 (hereinafter "MUSYA"), which provides that the national forests shall be administered for outdoor
23 recreation, range, timber, watershed and wildlife and fish purposes. Portions of the Toiyabe National
24 Forest are administered pursuant to the Wilderness Act (September 3, 1964) Pub. L. No. 88-577, 78
25 Stat. 890, as amended, 16 U.S.C. §§ 1131-1136 (1988). Additionally, the National Forests and Public
26 Lands of Nevada Enhancement Act of 1988, Pub. L. No. 100-550, § 5, 102 Stat. 2749, 16 U.S.C. §
27 460ccc-3 (1988) which transferred lands between the Forest Service and the Bureau of Land
28 Management, "expressly reserves the minimum quantity of water necessary to achieve the primary

1 purposes for which the lands transferred . . . are withdrawn."

2 56. The United States is entitled to use the waters from the Walker River, its tributaries, and
3 all other waters located in, on, under, or otherwise appurtenant to the lands comprising the Toiyabe
4 National Forest in the amounts of water necessary to fulfill all purposes for which the reservation was
5 created as recognized under federal or state law. Such lands are entitled to a federally reserved water
6 right with a date of priority as of the date said lands were withdrawn and reserved from the public
7 domain.

8 57. In connection with paragraph 56, supra, the United States is entitled to an instream flow
9 reserved water rights in the amounts necessary to fulfill the purposes for which the Toiyabe National
10 Forest was established under the Organic Administration Act of 1897. This includes, but is not
11 necessarily limited to, reserved water rights in amounts necessary for the maintenance of the entire
12 reach of each stream channel and all its named and unnamed tributaries lying within the Toiyabe
13 National Forest.

14 58. The United States also has and is also entitled to both reserved water rights pursuant to
15 the Organic Administration Act and the above noted subsequent Acts as well as water rights under
16 state law, both surface and underground water, both consumptive and non-consumptive, which
17 include but are not necessarily limited to, all aquifers, springs, seeps, rivers, streams, lakes and waters
18 otherwise appurtenant to the Toiyabe National Forest in the amounts necessary to fulfill all present
19 and future administrative purposes on the Toiyabe National Forest as stated in the Acts. The use of
20 these waters include or will include, but is not necessarily limited to: fire management activities,
21 erosion control, revegetation, irrigation, domestic, stockwatering and timber production, which
22 includes but is not limited to, reforestation, road construction and maintenance and silvicultural
23 treatments.

24 59. The United States also has and is also entitled to reserved water rights pursuant to the
25 Organic Administration Act and its successor Acts in both surface and groundwater which includes,
26 but is not necessarily limited to, all aquifers, springs, seeps, rivers, streams, lakes and waters
27 otherwise appurtenant to Toiyabe National Forest in the amounts necessary for fighting fires in said
28 National Forest.

1 60. The United States also has and is also entitled to instream flow water rights in the
2 Toiyabe National Forest within the boundaries of the State of Nevada in the amounts of water
3 necessary to fulfill the purpose of providing habitat for fish and wildlife and for recreational
4 opportunities for the public. To the extent these instream flow claims are not available under state
5 law, the United States has federal reserved water rights for the purposes set forth in the MUSYA,
6 supra. In such instance, the priority date is the date of the enactment of the MUSYA, June 12, 1960.

7 61. The United States also has and is also entitled to riparian rights in the Toiyabe National
8 Forest within the boundaries of the State of California for riparian Forest Service land in the amounts
9 of water necessary to fulfill the purpose of providing watershed management, habitat for fish and
10 wildlife and for recreational opportunities for the public. The priority date for these riparian water
11 rights is the date the United States took title from Mexico under the Treaty of Guadalupe Hidalgo;
12 February 2, 1848. To the extent the above instream flow claims are not available under state law, the
13 United States has federal reserved water rights for the purposes set forth in the MUSYA, supra, with a
14 priority date of June 12, 1960.

15 62. The United States also has and is also entitled to certain appropriative water rights,
16 including rights that either have been permitted and certificated pursuant to Nevada or California
17 state law, or have applications pending for appropriation before the Nevada State Engineer and before
18 the California Water Resources Control Board. In addition, the United States of America has riparian
19 rights pursuant to California state law.

20 TENTH CLAIM FOR RELIEF

21 UNITED STATES MARINE CORPS

22 MOUNTAIN WARFARE TRAINING CENTER

23 63. Paragraphs 1-62 are incorporated herein as if fully set forth in this paragraph 63.

24 64. The United States Marine Corps, Department of the Navy (Marine Corps) operates a
25 training base known as the Mountain Warfare Training Center (hereinafter "MWTC") within the
26 Toiyabe National Forest. The Marine Corps presence in this National Forest dates back to 1951.
27 Pursuant to an agreement with the Forest Service, the Marine Corps uses approximately 45,635 acres
28 of the National Forest for cold weather and mountaineering training and evaluation of prototype

1 equipment. This training area is the only site available to the Marine Corps for these activities. To
2 support these training operations, the Marine Corps uses a 405-acre tract for a Base Camp, located at
3 the confluence of Silver Creek and the West Walker River. Additionally, the Navy owns a family
4 housing area 25 miles from the Base Camp.

5 65. The United States is entitled to use waters from the Walker River, its tributaries, and all
6 other waters located in, on, under, or otherwise appurtenant to the lands of the MWTC in the amounts
7 necessary to fulfill all purposes recognized under the federal and state law. Such lands are entitled to
8 a priority date as of the date of the reservation.

9 66. The Marine Corps is diverting and is also entitled to certain waters pursuant to federal
10 reserved, riparian, overlying, and appropriative water rights, including surface and groundwater
11 sources, which are identified below:

12 a. Silver Creek:

13 Water needs of the Base Camp are supplied by surface diversions from Silver Creek and two
14 groundwater wells, noted below. The Marine Corps uses water from Silver Creek based upon a pre-
15 existing Forest Service claim and statement of diversion (USFS No. 9839), which is based on a
16 riparian right, and has a priority date of 1951. Silver Creek surface water, up to 150 gpm, is diverted
17 via a spillway located upstream of the Base Camp.

18 Silver Creek surface water is used for purposes that include, but are not limited to, training,
19 domestic, industrial, fire protection, irrigation, construction, base hygiene, dust control, equipment
20 and road washing, and future regulatory requirements for fire sprinkler system cross-connection
21 control.

22 b. Base Camp Wells:

23 The Marine Corps' Base Camp domestic water demand is served by two groundwater wells,
24 which are located in the Lower Base Camp up-gradient from all the buildings. Water is diverted from
25 these wells up to the following amount:

26 Well No. 1 - 125 GPM.

27 Well No. 2 - 127 GPM.

28 An application for a Base Camp permit for both wells was submitted on May 26, 1993 to the

1 State of California, Department of Health Services.

2 c. Family Housing, Coleville, CA:

3 The Marine Corps also operates a family housing area on a tract approximately 40 acres in
4 size and about 25 miles from the Base Camp. The facility, owned in fee by the U.S. Navy, is located
5 within the West Walker River watershed on the eastern slope of the Sierra Nevada Mountains
6 between the towns of Topaz, Nevada and Coleville, California. More specifically, the housing
7 facility is located on the west side of highway 395, approximately 1.5 miles north of Coleville and
8 about a quarter mile from the river. The housing area's domestic water demand, including domestic
9 irrigation (lawn-watering of family gardens), is served by five wells. Water is diverted from these
10 wells up to the following amount:

11 Well No. 1 - 21 GPM,

12 Well No. 2 - 27 GPM

13 Well No. 3 - 14 GPM

14 Well No. 4 - 21 GPM

15 Well No. 5 - 200 GPM

16 The State of California, Department of Health Services, granted a permit for Well Nos. 1 - 4
17 on December 15, 1986, as water permit # 86-048, and amended that permit on February 11, 1994, to
18 add Well No. 5 to the system.

**FIRST AMENDED COUNTERCLAIM OF THE
WALKER RIVER PAIUTE TRIBE**

In its order of October 30, 1992, (document #15) the Court found that the counterclaim filed by the Walker River Paiute Tribe ("Tribe") (document #1) on March 18, 1992, against the Walker River Irrigation District ("WRID") should have been filed as a cross-claim since the Tribe and the WRID were co-plaintiffs with regard to their assertions against the California State Water Resources Control Board. However, the Court also determined that the designation given by the Tribe would remain. In light of the Court's order, the Tribe files this first amended counterclaim as follows:

INTRODUCTION

1. This first amended counterclaim is for the recognition of a right to store water in Weber Reservoir for use on the lands of the Walker River Indian Reservation ("Reservation"), including the lands restored to the Reservation in 1936. Such rights are in addition to the rights to use water from the Walker River awarded to the United States for the benefit of the Tribe in United States v. Walker River Irrigation Dist., In Equity No. C-125 (D. Nev. 1936), as amended by, *Stipulation and Agreement for Entry of Amended Final Decree Pursuant to Writ of Mandate of the Circuit Court of Appeals - Ninth Circuit - and also Amended Decree entered herein on April 15, 1936 to Clarify Certain Provisions Thereof*, approved by, *Order for Entry of Amended Final Decree to Conform to Writ of Mandate, etc.*, United States v. Walker River Irrigation Dist., In Equity No. C-125 (D. Nev. 1940) ("Final Decree").

2. This first amended counterclaim is also for recognition of a right reserved under federal law to use surface water from the Walker River on the lands restored to the

1 Reservation in 1936. Such rights are in addition to the rights to use water from the Walker
2 River awarded to the United States for the benefit of the Tribe in the Final Decree.

3
4 3. This first amended counterclaim is also for recognition of a right reserved under
5 federal law to use groundwater underlying and adjacent to the lands of the Reservation,
6 including groundwater underlying and adjacent to the lands restored to the Reservation in
7 1936, on the lands of the Reservation, including the lands restored to the Reservation in 1936.
8 Such rights are in addition to the rights to use water from the Walker River awarded to the
9 United States for the benefit of the Tribe in the Final Decree.

10
11 JURISDICTION

12
13 4. Jurisdiction over this first amended counterclaim is pursuant to: a) the
14 continuing jurisdiction of the Court over the waters of Walker River and its tributaries in
15 California and Nevada, Final Decree ¶ XIV; b) 28 U.S.C. § 1331, in that this counterclaim
16 arises under the Constitution, laws or treaties of the United States; c) 28 U.S.C. § 1362, in
17 that this counterclaim is brought by the Tribe and arises under the Constitution, laws or
18 treaties of the United States; d) 28 U.S.C. § 1367 which vests the Court with supplemental
19 jurisdiction; and e) 28 U.S.C. § 1651 which authorizes the Court to issue all writs necessary
20 or appropriate in aid of its jurisdiction.
21

22
23 PARTIES

24 5. The Tribe is a federally-recognized Indian Tribe organized under the Indian
25 Reorganization Act, 25 U.S.C. §§ 461, 462, 463, 464, 465, 466-470, 471, 472, 473, 474,
26 475, 476-478, 479. The Reservation was established in 1859 with a land base of
27 approximately 320,000 acres. Certain lands which were originally a part of the Reservation
28

1 were restored to the Reservation on September 25, 1936, pursuant to the Act of June 22, 1936,
2 49 Stat. 1806-07.

3
4 6. Counterdefendants are the WRID, the State of Nevada, and all claimants to the
5 waters of the Walker River and its tributaries, including groundwater.

6
7 GENERAL ALLEGATIONS

8 7. The Tribe currently is entitled to use 26.25 cubic feet per second from the
9 Walker River and its tributaries, with a priority date of November 29, 1859, to irrigate 2,100
10 acres of land on the Reservation as it existed before September 25, 1936. Final Decree ¶ 1.

11 8. Subsequent to April 14, 1936, numerous persons and other entities, including
12 the United States, have appropriated additional waters from the Walker River Basin and its
13 tributaries. In many instances, such claims to the use of water have not been subject to any
14 adjudicative process.

15
16 9. Weber Reservoir is a federally-constructed reservoir located on the Reservation
17 with a storage capacity of approximately 13,000 acre feet. Portions of the reservoir were
18 completed in 1935, and floodgates were added in 1937. The Tribe is entitled to store water
19 from the Walker River in Weber Reservoir for all purposes recognized under federal law
20 including but not limited to irrigation, stock watering, fish and wildlife, and domestic uses.

21
22 10. By the use of Weber Reservoir to store water, the Tribe can irrigate more than
23 the 2,100 acres which it is entitled to irrigate under the terms of the Final Decree.

24 11. The Tribe's priority date for storage in Weber Reservoir is April 15, 1936. The
25 Tribe claims 13,000 acre feet plus evaporation and seepage.

26
27 12. The Act of June 22, 1936, 49 Stat. 1806-07, authorized the Secretary of the
28 Interior to set aside certain lands as an addition to the Reservation for the benefit of the Tribe.

1 In accordance with that legislation, by Order dated September 25, 1936, the Secretary restored
2 to the Reservation approximately 167,460 acres.

3
4 13. The Tribe is entitled to use water from the Walker River on the lands restored
5 to the Reservation in 1936 for all purposes recognized under federal law including but not
6 limited to irrigation, stock watering, fish and wildlife, recreation and domestic uses.

7
8 14. The instant suit, commenced by the United States in 1924, was brought to quiet
9 title and only concerned the water rights for use on the Reservation as the boundaries existed at
10 the time the suit was commenced. The suit did not adjudicate the groundwater rights of any of
11 the parties in the litigation.

12
13 15. The Tribe is entitled to use groundwater underlying and adjacent to the lands
14 within the Reservation, including groundwater underlying and adjacent to the lands restored to
15 the Reservation in 1936, for all purposes recognized under federal law including but not
16 limited to irrigation, stock watering, fish and wildlife, recreation and domestic uses.

17
18 16. Paragraph XIV of the Final Decree provides that this Court retains jurisdiction
19 for modification of this decree.

20 FIRST CLAIM FOR RELIEF

21 17. Paragraphs 1-16 are incorporated herein by reference.

22
23 18. The Tribe is entitled to store water from the Walker River in Weber Reservoir
24 for all purposes recognized under federal law. The Tribe's right to store water in Weber
25 Reservoir has a priority date of April 15, 1936.

THIRD CLAIM FOR RELIEF

21. Paragraphs 1-16 are incorporated herein by reference.

22. The Tribe is entitled to use groundwater underlying and adjacent to the lands of the Reservation, including groundwater underlying and adjacent to the lands restored to the Reservation in 1936, for all purposes recognized under federal law with a priority date of November 29, 1859, on the lands of the Reservation including the lands restored to the Reservation in 1936.

WHEREFORE, the Tribe prays that the Court:

- 1. Pursuant to the jurisdictional bases set forth in Paragraph 4 hereof, reopen and modify the Final Decree to recognize, and declare and quiet title to:
 - A. The right of the Tribe to store water in Weber Reservoir for use on the Reservation including the lands restored to the Reservation in 1936;
 - B. The right of the Tribe to use water on the lands restored to the Reservation in 1936;
 - C. The right of the Tribe to use groundwater underlying and adjacent to the Reservation on the lands of the Reservation including the lands restored to the Reservation in 1936;

Subfile No. C-125-B

CASE MANAGEMENT ORDER

UNITED STATES OF AMERICA,
WALKER RIVER PAIUTE TRIBE,

Counterclaimants,

v.

WALKER RIVER IRRIGATION DISTRICT,
et al.,

Counterdefendants.

The enormity and complexity of the issues pending with respect to the First Amended counterclaims filed by the United States and the Walker River Paiute Tribe certainly suggest that

1 some sort of bifurcation would be helpful in processing the action.
2 Any such bifurcation may involve some duplication of work in
3 relation to subsequent phases of the case. There does not seem to
4 be any way to entirely avoid duplication, but we should endeavor to
5 do so to the extent that we can. Another major concern is whether
6 persons litigating in later phases of the case may find themselves
7 prejudiced by being bound by decisions and adjudications in earlier
8 phases where they did not participate. This, too, we should
9 endeavor to avoid.

10 Without bifurcation of some sort, the case may simply be
11 too big and too complex to process on a reasonable basis.

12 Having determined that some sort of bifurcation is
13 desirable and necessary, we conclude that, in general terms, the
14 proposal of the U.S./Tribe to bifurcate the "Tribal Claims" is as
15 good and logical a basis for dividing the case as has been
16 suggested or can be devised.

17 While many of the defenses to the claims of the
18 U.S./Tribe claims for the Walker River Paiute Indian Reservation
19 may be the same or similar to the defenses that may be offered with
20 respect to the remaining claims of the U.S. for other Indian
21 reservations and lands and federal enclaves and federal lands, each
22 of the remaining claims appears to require development of a
23 distinctly different factual scenario, as well as specific legal
24 basis. This presents one good reason to bifurcate as suggested by
25 the U.S./Tribe. Exactly how the defenses which overlap the claims
26 for the Walker River Paiute Indian Reservation will play out as to

each of the other separate claims is uncertain and adds justification for the proposed bifurcation.

In the order that follows, we have expanded the categories of water rights holders to be served with process somewhat beyond the categories suggested by the U.S./Tribe in their proposed case management order, but have not included all such categories as have been suggested by the Walker River Irrigation District and States of Nevada and California.

The categories to be served with process may be subject to adjustment and modification by order of the Magistrate Judge as he may find to be appropriate. However, we note that we have limited domestic users to be served with process to those whom, it appears, might be affected by pumping of underground water on the Walker River Paiute Indian Reservation. If it is shown that other domestic users could be affected by such pumping or that the underground and surface water constitute a single hydrological system where an earlier priority for the tribe for surface or underground waters could affect the rights of other domestic users, the Magistrate Judge should make an order expanding the category of domestic users who are required to be served with process.

We have also expanded the categories of water rights holders who have permits to pump groundwater issued by the State of Nevada and who are required to be served with process to additional Sub Basins in Nevada. This has been done because of the claim that underground and surface waters constitute a single source.

These additional categories are also subject to modification by the Magistrate Judge on the same basis as noted above.

With the conclusion that the Tribal claims should be bifurcated in mind, we then endeavor to devise a case management order to provide for such bifurcation, taking into account the companion considerations noted above.

IT IS, THEREFORE, HEREBY ORDERED that:

(1) The claims of the Tribe contained in the First Amended Counterclaim of the Tribe and the claims of the U.S. on behalf of the Tribe (First, Second, and Third Claims for Relief) set forth in the First Amended Counterclaim of the U.S. are hereby bifurcated from all other claims raised by the U.S. in its pleading. The bifurcated claims are sometimes referred to herein as the "Tribal Claims." Reference to the U.S./Tribe below refers separately to the United States and its said claims, set forth in its First Amended Counterclaim in behalf of the Tribe and to the Walker River Paiute Tribe and its claims set forth in its First Amended counterclaim.

(2) The Tribal Claims shall proceed as described in this Case Management Order. All discovery and all other proceedings in this action included in or in connection with the said First Amended Counterclaims are stayed, until the further order of the court, and except as provided in this order.

SERVICE OF PROCESS AND FILING OF LIS PENDENS

1 (3) Prior to the resolution of the Threshold issues
2 identified below, the U.S./Tribe shall effect service of their
3 respective First Amended Counterclaims, notices in lieu of summons,
4 requests for waiver of service, and the within Case Management
5 Order on all of the members of the categories of water rights
6 holders described below. Each of the members of each said category
7 shall be named as a Counterdefendant in this case.

8 (a) The successors in interest to all water rights
9 holders under the Decree (April 14, 1936), modified, Order for
10 Entry of Amended Final Decree to Conform to Writ of Mandate,
11 Etc. (April 24, 1940) ("1936" Decree).

12 (b) All holders of surface water rights under the laws
13 of the States of Nevada and California in the Walker River
14 Basin who are not presently parties to this adjudication.

15 (c) All holders of permits or certificates to pump
16 groundwater issued by the State of Nevada and domestic users
17 of groundwater within Sub Basins 107 (Smith Valley), 108
18 (Mason Valley), 110A (Schurz Subarea of the Walker Lake
19 Valley), and 110B (Walker Lake Subarea of the Walker Lake
20 Valley).

21 (d) All holders of permits or certificates to pump
22 groundwater issued by the State of Nevada within Sub Basins
23 106 (Antelope Valley), 109 (East Walker), and 110C (Whiskey
24 Flat-Hawthorne Subarea of Walker Lake Groundwater Basin).

(g) All municipal providers in Nevada within the Walker River Basin who currently use groundwater.

(h) All municipal providers in California within the Walker River Basin who currently use groundwater.

(i) All industrial users in Nevada within the Walker River Basin who currently use groundwater.

(4) Subject to the requirements of this order, within 60 days of entry of this Case Management Order the parties shall file an agreed-upon Notice in Lieu of Summons for the Tribal Claims and agreement upon procedures for recording Lis Pendens to the Magistrate Judge for his consideration and approval. To the extent the parties cannot agree on any of these issues they shall, within said period of time, file their own proposals regarding such issues for consideration and decision by the Magistrate Judge. Procedures for recording of Notices of Lis Pendens will be determined by the Magistrate Judge by order.

(5) To the extent the U.S. and the Tribe cannot effect service or obtain a waiver of service from all the individual members of the categories of water rights holders and users listed above, and all other claimants to surface and groundwater rights not identified or who are unknown, the U.S./Tribe may move for publication of summons consistent with Fed. R. Civ. P. 4 and the laws and rules applicable for Nevada and California respectively to

(6) The Magistrate Judge shall establish a schedule for completion of service of process which may be modified by further order from time to time as appropriate.

The Magistrate Judge is authorized to consider and decide all issues which may arise pertaining to service of process.

(7) The Magistrate Judge shall conduct all necessary proceedings and shall decide how the information shall be obtained by the U.S./Tribe to enable them to identify the individuals and entities with claims to surface water and/or groundwater in the Walker River Basin who are the appropriate counterdefendants to the U.S./Tribe said counterclaims. The Magistrate Judge shall determine the responsibilities of the respective parties to provide such information and at whose cost. Such information may be ordered obtained through orders devised by the court or discovery or other processes, so that the litigation may proceed in a reasonable manner.

In this connection, the Magistrate Judge shall also consider and determine how, when, and at whose cost information regarding changes or modification in the individuals or entities with such water rights claims shall be provided as between the parties and the entities which receive information respecting any

1 such changes, until service of process is complete on the
2 counterclaims.

3 (8) The U.S./Tribe may seek costs of service pursuant to
4 the requirement of Fed. R. Civ. P. 4(d) during their service
5 efforts under this Case Management Order.

6 (9) After the U.S./Tribe have received the information
7 and compiled the list of parties whom they intend to serve, that
8 list and a description of the procedures by which it was compiled
9 shall be filed and provided to the parties who shall have such
10 period of time as the Magistrate Judge shall determine to file
11 objections indicating whether the list is complete and includes all
12 such water rights claimants within the categories described in
13 paragraph (3) above who can reasonably be identified. The
14 Magistrate Judge shall consider and rule on all such objections.
15 Corrections to the list of intended parties may be made during the
16 period of the service of process upon appropriate notice and
17 approval of the Magistrate Judge.

18 Scheduling, Case Management

19 (10) Following completion of service of process on the
20 said counterclaims, the Magistrate Judge shall receive
21 recommendations of the parties for procedures for scheduling and
22 for the efficient management of the litigation given the number of
23 parties to the case. Such procedures may include the use of common
24 counsel, special procedures for service of pleadings, or any other
25 mechanisms deemed likely to reduce the burdens on the parties and
26 the court in a case of this magnitude. The Magistrate Judge shall

1 consider and make all appropriate rulings with respect to these
2 matters.

3 Threshold Issues Relative to Tribal Claims

4 (11) As soon as convenient after the entry of this order,
5 and upon appropriate notice to the parties presently appearing in
6 the case, the Magistrate Judge shall consider and make a
7 preliminary determination of the threshold issues to be addressed
8 at the outset of the litigation on the U.S./Tribe said
9 counterclaims. Scheduling of such consideration shall go forward
10 notwithstanding other proceedings provided for in this order. The
11 list of threshold issues regarding said claims will not be finally
12 resolved and settled by the Magistrate Judge until all appropriate
13 parties are joined. Nevertheless, the parties are directed to
14 identify all potential threshold issues promptly and to submit them
15 to the Magistrate Judge for consideration, as he shall direct, so
16 that action may proceed as promptly as possible upon conclusion of
17 service of process. In general, threshold issues, among others,
18 shall address jurisdiction, claim, preclusion, applicable law,
19 equitable and other defenses which may be raised by any party.

20 Among others, the Magistrate Judge shall consider
21 inclusion in the list of threshold issues to the resolution of the
22 said Tribal Claims to be addressed at the outset of the litigation:

- 23 (a) Whether this court has jurisdiction to adjudicate
24 the said Tribal Claims. If so, to what extent should the
25 court exercise its jurisdiction in these matters. In this
26 connection, what is the scope of this court's subject matter

1 jurisdiction to adjudicate the Tribal Claims to groundwater,
2 as well as to additional surface waters?

3 (b) Does federal law govern the pumping of groundwater
4 on the Walker Lake Paiute Indian Reservation by the Tribe or
5 the U.S. on its behalf?

6 (c) If the Tribe has the right to pump groundwater under
7 federal law, are such rights, as a matter of federal law,
8 subject to different protections than those provided by State
9 law?

10 (d) Whether the court has jurisdiction over groundwater
11 used pursuant to State law outside the exterior boundaries of
12 the Walker River Paiute Indian Reservation if such use
13 interferes with the Tribe's rights under federal law to use
14 water from the Walker River system. If so, should the court
15 exercise that jurisdiction?

16 (e) Whether equitable defenses bar some or all of the
17 said Tribal Claims. Within such time as shall be fixed by the
18 Magistrate Judge the parties now or hereafter appearing in the
19 case shall file for consideration by the Magistrate Judge a
20 statement as to any defenses or issues they intend to assert

21 (f) Whether, regardless of the extent of hydrologic
22 connection between surface and groundwater, this court is
23 required to accept the distinction drawn between surface water
24 rights and groundwater rights provided by California and
25 Nevada law.

(g) Are the holders of surface water rights established under federal law entitled to protection from the use of groundwater beyond the protection provided to holders of surface water rights established under state law.

(h) If the only jurisdiction of this court with respect to groundwater issues is to protect surface water rights established under federal law from interference by junior groundwater users, must the issues of interference be decided as a part of the adjudication of federal surface water claims.

Phasing of Proceedings

(12) Pretrial proceedings in this case with respect to the Tribal Claims shall be conducted in multiple phases as follows:

(a) Phase I of the proceedings shall consist of the threshold issues as identified and determined by the Magistrate Judge.

(b) Phase II will involve completion and determination on the merits of all matters relating to the said Tribal Claims.

A Scheduling Order shall be entered by the Magistrate Judge, in accordance with this order, and such other appropriate matters as he shall consider necessary to provide for completion of consideration of Phases I, II, and subsequent phases in the case.

(c) Additional phases of the proceedings shall encompass all remaining issues in the case. Such phases shall be

We do anticipate, however, that the additional phases will not be scheduled by the Magistrate Judge at least until the threshold issues as set forth above have been decided on the merits. The additional phases shall include, but not be limited to:

- (a) All other claims, crossclaims, counterclaims, defenses and issues raised by the pleadings of the parties that are not included in the threshold issues.
- (b) All other issues related to the Tribal Claims.
- (c) All issues related to the other Federal Claims.

Responses to Process

(13) The notices in lieu of summons shall notify the persons or entities served concerning how and when they must respond. They shall be directed to file and serve upon the U.S., the Tribe, the Walker River Irrigation District, the States of Nevada and California, within 60 days after completion of service of process (or where service is by publication within 60 days after the last day of publication of such service), a notice of appearance and intent to participate. No Answers or other pleading will be required except upon further order of the Magistrate Judge entered thereafter. No default shall be taken for failure to appear.

Discovery, Motions and Further Proceedings

(15) Once the Magistrate Judge has finally determined the threshold issues, discovery shall be allowed to all parties on the threshold issues. Discovery shall also be permitted during that same time period concerning the basis for the Tribal Claims; such discovery shall be limited to propounding of interrogatories and requests for production of documents relating to the contentions of the U.S./Tribe with respect to the basis for the Tribal Claims.

The discovery provided for in this paragraph (15) shall be conducted for such period and according to such terms, conditions, modifications and extensions to this order as shall be determined to be appropriate by the Magistrate Judge.

As provided above, all other discovery is stayed.

(16) Motions which may be dispositive or partially dispositive of any threshold issue shall be deferred until completion of discovery as permitted by this order and shall be filed thereafter within such time period and schedules for answers and replies as shall be determined by the Magistrate Judge. Such dispositive motions, however, will be decided by the undersigned judge.

(17) To the extent the threshold issues are not resolved by motions, an evidentiary hearing shall be held before the undersigned judge at such time and according to such conditions

(18) If a party wishes to perpetuate testimony relevant to this matter, that party shall comply with Fed. R. Civ. P. 27 and any applicable Local Rule. The Magistrate Judge will consider and determine all issues pertaining to perpetuation of testimony.

(19) Any party may move for modification of this Case Management Order for good cause shown. The Magistrate Judge shall have authority to change, modify and adjust this order. The Magistrate Judge shall hold regular periodic status conferences at times he shall determine, so that he and the parties may be advised as to the progress of the case and problems encountered, so that appropriate changes, modifications, and adjustments may be made in this order and such problems addressed.

IT IS FURTHER ORDERED that the Joint Motion For Leave to Serve First Amended Counterclaim filed by U.S./Tribe (#62) is GRANTED on the basis and to the extent set forth in this order.

The motions (#67), (#90), (#96), and (#98) are all considered ruled upon and decided as provided in the within order.

ORDER - DISCLAIMER OF
INTEREST

10 The following background information is provided to aid in understanding the reasons
11 for and what is required by this Order:

12 1. The Court has ordered that certain persons and entities be included as parties in
13 this action because they own water rights within one or more of the nine categories set forth in
14 Paragraph 3 of the Court's April 18, 2000 Case Management Order.

15 2. It is possible that some of the specific persons or entities who are served with a
16 Waiver of Service of Notice in Lieu of Summons, Notice of Lawsuit, or a Notice in Lieu of
17 Summons do not belong in this action, because, for example, they may have sold or otherwise
18 conveyed the ownership of all water rights subject to this action prior to being served.

19 3. A change in ownership of a water right can occur in a number of ways and for a
20 variety of reasons. Often a change in ownership of a water right occurs when ownership of the
21 land on which the water is used changes. A change in ownership may involve a sale, a gift, a
22 death or even a divorce. It may also involve estate or business planning decisions, such as
