Subfile No. C-125-C

BRIEF OF WALKER RIVER
IRRIGATION DISTRICT
CONCERNING STATUS OF
SERVICE ON IDENTIFIED
HOLDERS OF WALKER RIVER
WATER RIGHTS

1 **I. STATEMENT OF FACTS**

2 **A. Background**

3 This matter involves Mineral County's attempt to
4 intervene and assert a new and senior water right in a water
5 right adjudication action which was concluded by a final
6 judgment entered April 14, 1936, and amended on April 24, 1940,
7 pursuant to the mandate in United States v. Walker River
8 Irrigation District, 104 F.2d 334 (9th Cir. 1939). Mineral
9 County's proposed amended Complaint-In-Intervention seeks a
10 reallocation of the waters of Walker River to provide large
11 annual minimum flows to Walker Lake. Doc. No. 20. Mineral
12 County also filed a Motion for Preliminary Injunction. Doc. No.
13 22. In that motion, it seeks an injunction requiring water
14 rights holders on the Walker River system to allow even larger
15 quantities of water to reach Walker Lake annually until this
16 litigation is concluded. Id.

17 **B. The Service Order**

18 As a result of a status conference, the Court entered
19 an Order Requiring Service of and Establishing Briefing Schedule
20 Regarding the Motion to Intervene of Mineral County (the
21 "Service Order"). Doc. No. 19. Because 60 years has passed
22 since the Walker River Decree was entered, most, if not all, of
23 the original parties to the Decree are no longer the owners of
24 the land with the appurtenant water rights it adjudicated. In
25 addition through state law processes in Nevada and California
26 new and junior water rights have been established subsequent to
27

1 the entry of the Walker River Decree.¹

2 The Service Order required Mineral County to serve its
3 intervention documents, pursuant to Fed. R. Civ. P., Rule 4, on
4 all persons with water rights under the Decree or acquired by
5 subsequent appropriation ("Walker River Claimants"). Id. at 2;

6 3. The Service Order directed the clerk to establish a new
7 subfile, C-125-C, for filings related to Mineral County's
8 proposed intervention. It also directed Mineral County to file
9 revised versions of its intervention documents to clarify its
10 claims to Walker River waters, and to file a motion for any
11 preliminary injunction it intended to seek. Doc. No. 19 at 2.

12 The Service Order expressly required Mineral County to file
13 "a revised proposed Complaint-In-Intervention which clarifies
14 the basis for Mineral County's claims to water from the Walker
15 River for Walker Lake and which identifies the persons or
16 entities against whom such claims are proposed to be
17 asserted...." Id. [Emphasis added]. Mineral County did not and
18 has not complied with the requirement that its proposed
19 Complaint-In-Intervention identify persons or entities it
20 intends to sue. The closest it has come to complying with that
21 requirement is Attachment 1 to its March 19, 1997 filing (the
22 "Mineral County List"). Doc. No. 97.

23 The Mineral County List is an extensive list of names.
24 Mineral County represented the following to the Court with
25 respect to that list:

26
27 ¹For example, in 1983, the Nevada State Engineer issued a
28 water right to the Nevada Department (now Division) of Wildlife
for Walker Lake with a 1970 priority date in the amount of 795.2
cubic feet per second.

1 Mineral County will accept that the list
2 from the County Recorders of Deeds is the
3 only list applicable and that list is the
4 only one that Mineral County should be
5 required to serve. Mineral County has
6 served the persons on that list (see
7 Affidavits filed September 29, 1995 and
8 February 1, 1996).

9 ***

10 Mineral County asks that the Court find
11 Mineral County's list, taken from the county
12 Recorder of Deeds, be the operative list and
13 the one accepted by this Court and that
14 Mineral County's service be declared
15 complete based upon its service on those
16 persons who are title record holders...

17 Doc. No. 97 at 4, 5. For the time being at least, the status of
18 service on identified holders of Walker River Water Rights must
19 be measured against the Mineral County List.²

20 For purposes of service and the Court's analysis here, the
21 Service Order also includes several other important provisions
22 related to the form of the process to be served. First, rather
23 than requiring service of a summons, it required service of a
24 "Notice in Lieu of Summons properly issued by the Clerk of the
25 Court." Doc. No. 19 at 3. Second, it established a schedule
26 through September 11, 1995, for briefs concerning Mineral
27 County's Motion to Intervene and it expressly provided that
28 until further order of the Court no answer or other response was
required to the proposed Complaint-In-Intervention. Id. at 4.
Finally, the Service Order itself was to be served in accordance
with Rule 4. Id. at 5.

²The District does not concede that the Mineral County List includes all of the persons who must be joined under Rule 19.

1 **C. Mineral County's Attempted Compliance**
 2 **With The Service Of Process Provisions**
 3 **Contained In The Service Order**

4 In approximately April and May of 1995, Mineral County
 5 attempted service under the waiver provisions of Fed. R. Civ.
 6 P., Rule 4(d). In seeking waivers of service, Mineral County
 7 mailed some, but not all, of the documents required to be served
 8 to persons it had identified as Walker River Claimants. Doc.
 9 No. 40 at 1-3.

10 Mineral County's solicitation of waivers of
 11 service was not successful.³ Subsequent to its attempted
 12 service under the waiver provisions of Rule 4(d), Mineral County
 13 asked the Court to relieve it of any further responsibility with
 14 regard to service of its intervention documents. Doc. No. 31 at
 15 1. Because it was obvious as a matter of fact that service had
 16 not been accomplished, the Court denied that request by order
 17 dated August 16, 1995 (the "Second Order"). Doc. No. 44 at 13.
 18 The Second Order reaffirms the service provisions contained in
 19 the Service Order, noting that it had not been vacated, modified
 20 or appealed. Id. at 2. For a second time the Court directed
 21 Mineral County to serve its intervention documents under Rule 4
 22 on all Walker River Claimants.

23 ³Mineral County complained that the District had interfered
 24 with and frustrated its attempts to obtain waivers of service.
 25 Doc. 31 at 5. It sought substantial sanctions from the
 26 District. Id. at 2. The Court denied Mineral County's request
 27 for sanctions. Doc. 44 at 10-13. Although what the District
 28 did and why are not relevant to the issues, they are explained
 in detail at Doc. No. 40, and are supported by the Court's order
 denying Mineral County relief. Suffice it to say that the
 District responded in good faith to inquiries and its response
 was based upon Mineral County's unilateral decision to not mail
 documents which the Service Order clearly required be served.

1 Thereafter, Mineral County moved to amend the Service
 2 Order requesting clarification with regard to paragraph 4 of
 3 that order, and to amend the Second Order by granting Mineral
 4 County an extension of time to attempt personal service on the
 5 Walker River Claimants who had not returned a Waiver of Service
 6 form. Doc. No. 45. On September 29, 1995, the Court clarified
 7 paragraph 4 of the Service Order by providing further detail
 8 with respect to the procedure for Mineral County to follow in
 9 seeking Waivers of Service and identifying the documents to be
 10 served (the "Third Order"). Doc. No. 48. The Third Order once
 11 again required Mineral County to serve, in accordance with Fed.
 12 R. Civ. P., Rule 4, all Walker River Claimants who had not
 13 returned a Waiver of Service form. Id. at 1, 2. The Third
 14 Order also extended the time for briefs concerning Mineral
 15 County's Motion to Intervene through June 1, 1996. Id. at 3.

16 **D. Mineral County's Second Request To**
 17 **Be Relieved From Further Service**

18 On or about February 1, 1996, Mineral County filed its
 19 Notice of Motion, Motion for Relief from Service of Process and
 20 Request for Hearing (the "Notice of Motion"), and a Motion to
 21 Dispense with Service of Pleadings (the "Motion to Dispense").
 22 Mineral County claimed that service of process as required by
 23 the Court's orders was complete. Doc. No. 63 at 1-2.
 24 Alternatively, it contended that it had served "substantially
 25 all known water rights holders" and that it should be excused
 26 from further service. The Court denied Mineral County's request
 27 to be relieved from further service. Doc. No. 63. Importantly,
 28 the denial states that it is Mineral County's obligation "to

1 determine who the proper defendants (i.e., competing water
2 rights holders) are in its proposed action" to intervene in this
3 matter. Id. at 2. The Court once again stated that Mineral
4 County "must serve all proper defendants with its Motion to
5 Intervene and proposed Complaint-In-Intervention, pursuant to
6 Fed. R. Civ. P. 4." Id. Implicit in that denial is the Court's
7 finding that as a matter of fact service was not complete or
8 even substantially complete. Earlier the Court had suspended
9 the schedule for briefs concerning Mineral County's Motion to
10 Intervene (Doc. No. 71) and no new schedule has been
11 subsequently established.

12 **E. Mineral County's Appeal**

13 Instead of complying with the Court's directive to
14 complete service, Mineral County chose to appeal the Court's
15 ruling to the Ninth Circuit Court of Appeals. In a written
16 decision filed February 12, 1997, the Ninth Circuit dismissed
17 Mineral County's appeal for lack of jurisdiction.

18 **F. The Publication Order**

19 On or about February 20, 1997, Mineral County filed a
20 motion for leave to serve by publication unidentified holders of
21 water rights appurtenant to lands located within the Walker
22 River system. Doc. No. 88. The Court granted that motion (Doc.
23 No. 99) and has subsequently made it absolutely clear that its
24 order does not apply to identified holders of water rights.
25 Doc. No. 114.

26 **G. The Status Conference.**

27 Recently a Stipulation for Status Conference was filed
28 herein. Doc. No. 120. In that Stipulation, the parties to it,

1 including Mineral County, requested the Court to amend its
 2 previous orders to provide that, rather than serving a Summons,
 3 Mineral County should serve, including service by publication, a
 4 Notice In Lieu of Summons in form and substance similar to that
 5 previously approved by the Court. Id. at 5. The parties to the
 6 Stipulation, including Mineral County, agreed that no answer or
 7 other response to the proposed Complaint-In-Intervention and no
 8 response to any preliminary injunction motion should be required
 9 until a decision on the Motion to Intervene and then only upon a
 10 schedule to be established by further order of the Court. Id.

11 The parties, including Mineral County, also agreed that the
 12 Service Order, as amended, be included with the documents to be
 13 served by Mineral County, including any service by publication.
 14 In that Stipulation, the parties to it, including Mineral
 15 County, recited that a schedule for responding to the Motion to
 16 Intervene should be established before Mineral County proceeds
 17 with service by publication. Id. at 4. The Court's order after
 18 the Status Conference essentially approved the agreements and
 19 requests set forth in the Stipulation. Doc. No. 140.

20 **H. The Court's Order Regarding The Status Of Service**
 21 **On Identified Holders Of Walker River**
 22 **Water Rights**

23 The Court has ordered a hearing on "whether or not
 24 Mineral County, proposed intervenor, has in fact made proper
 25 service upon all identified holders of Walker River water
 26 rights." Id. For purposes of that order and this brief, the
 27 District has relied upon the Mineral County List as constituting
 28 the identified persons who Mineral County intends to sue.

Using the Mineral County List, the District has reviewed every document on file with the Court which purports to establish service on an identified person. Included among those documents are waivers of service, returns of service prepared by Mineral County and returns of service on the back side of a form summons. The District has drawn conclusions on the status of service based upon the law set forth below. It has considered both insufficiency of process (Fed. R. Civ. P. 12(b)(4)) and insufficiency of service of process (Fed. R. Civ. P. 12(b)(5)).

II. MINERAL COUNTY HAS THE BURDEN OF ESTABLISHING THE VALIDITY OF ITS SERVICE

Mineral County has the burden of establishing the validity of its service. Northrup King C. v. Compania Productora Semillas Algodoneras Selectos, S.A., 51 F.3d 1383, 1387 (8th Cir. 1995); 5.A C. Wright. and A. Miller, Fed. Prac. and Proc. § 1353 at 293 (1990). The process server's return provides the prima facie case as to the facts of service. 5A Fed. Prac. and Proc. § 1353 at 283. The status of Mineral County's service in this matter must be judged against that burden and the proof of service on file with the Court.

A. A Complaint Must Name The Defendants Against Whom A Claim Is Made

Pursuant to the Federal Rules, "[i]n the complaint the title of the action shall include the names of all the parties." Fed.R.Civ.P. 10(a); 5 Wright and Miller, Fed. Prac. and Proc. § 1321 at 723 (1990); Carrigan v. California State Legislature, 263 F.2d 560, 567 (1959) (Rule 10 requires that title of action include the names of all parties). Mineral County has failed to

1 name the parties it intends to sue in its proposed Complaint-In-
2 Intervention. In so doing, it has not only violated the Service
3 Order (supra at 3) but also created its own problems in
4 completing service and in determining the status of completion
5 of service. One obvious example is Mineral County's failure to
6 delete duplications from its list. The Court should require
7 Mineral County to name the proposed defendants in its proposed
8 Complaint-In-Intervention.

9 **B. Service on Individuals**

10 Rule 4(e) governs the manner in which individuals,
11 other than infants and incompetent persons, are to be served.
12 In general, service on individuals may be accomplished by
13 delivering a copy to the individual personally, by leaving a
14 copy at the individual's dwelling house or usual place of abode
15 with some person of suitable age and discretion residing therein
16 or by delivering copies to an agent authorized by appointment or
17 law to receive service. Fed.R.Civ.P. Rule 4(e)(2); see also 4A
18 C. Wright and A. Miller, Fed. Practice and Procedure § 1094 at
19 67 (1987).

20 When service is made at a defendant's dwelling house or
21 usual place of abode, the return of service must show both that
22 it was made at an appropriate place and that the person with
23 whom the process was left was of suitable age and discretion and
24 resided therein. Id., §1096 at 72-73; 81. When service is made
25 upon an agent, an actual appointment for the specific purpose of
26 receiving process is normally expected. Id., §1097 at 84.

1 **C. Service on Infants and Incompetent Persons**

2 Rule 4(g) governs service on infants or incompetent
3 persons. In general such service must be accomplished as
4 required for the service of similar process upon a defendant in
5 an action brought in state court. Fed.R.Civ.P. Rule 4(g); Id. §
6 1099 at 96-97.

7 **D. Service on Organizational Defendants**

8 Under Rule 4(h) service on an organization may be made
9 by leaving copies with an officer, managing agent or general
10 agent of the organization. It may also be made by delivery to
11 an agent authorized by appointment or by law to receive service
12 of process. Id., §1101 at 101.

13 However, service under Rule 4(h) cannot be made by leaving
14 a copy at the officer's or agent's dwelling house or usual place
15 of abode with a person residing therein. Generally, it cannot
16 be made by leaving it with someone at the officer's or agent's
17 office. Id., §1101 at 103-104.

18 **E. Waiver of Service**

19 Although there are only a few decisions under Rule
20 4(d), the plain language of the Rule requires that a waiver of
21 service form be executed by the defendant who is waiving
22 service, if that defendant is an individual. It also requires
23 that, if the defendant is an organization, the waiver be
24 executed by an officer, managing or general agent or other agent
25 authorized by appointment or law to receive service.

26 The provisions of Rule 4(d) do not apply to service on the
27 United States, its officers and agencies and foreign, state or
28

1 local governments.

2 **F. Insufficiency of Process Concerns Its Form**
 3 **Rather Than the Manner or Method of Service**

4 Situations challenging the sufficiency of process are
 5 rare. However, the service of documents not approved by the
 6 court and containing incorrect information concerning the extent
 7 and timing of responses are within cases decided under Rule
 8 12(b)(4). See e.g., O'Brien v. R. J. O'Brien & Assocs., 998
 9 F.2d 1394, 1399 (7th Cir. 1993)(arguable deficiencies included
 10 incorrect name of defendant, naming wrong person to be served,
 11 failing to specify number of days defendant had to reply, and
 12 delivering facsimile copy without court seal); Curry v. Heard,
 13 819 F.2d 130, 132 (5th Cir.), cert. denied, 484 U.S. 944
 14 (1987)(summons missing from service of process); Sanderford v.
 15 Prudential Ins. Co., 902 F.2d 897, 900 (11th Cir. 1990)(return
 16 date for responsive pleading missing).

17 **III. SERVICE ON THE IDENTIFIED PERSONS AND ENTITIES ON THE**
 18 **MINERAL COUNTY LIST IS NOT COMPLETE**

19 **A. Introduction**

20 Attached hereto as Exhibit "A" is a tabulation
 21 prepared by the District which summarizes the status of service
 22 on persons and entities identified on the Mineral County List.⁴

23 ⁴In February of 1996, the District conducted a similar
 24 analysis with respect to Waiver of Service and Return of Service
 25 forms on file with the Court at that time. See Attachment 1 to
 26 Doc. No. 67. In preparing Exhibit A attached hereto, the
 27 District has once again reviewed those forms and attempted a
 28 comprehensive application of the law governing service (see
 supra at 9-12) in making the determination recorded in the
 "Status of Service" column. Therefore, the entry in the Status
 of Service column in Exhibit A hereto may be different than the
 entry in the "Status" column of Attachment 1 to Doc. No. 67 for
 the same individual or entity.

1 The tabulation contains five (5) columns. The first column,
2 entitled "Person or Entity," sets forth the names of identified
3 persons or entities on Mineral County's List.

4 The second column, entitled "Type of Service," indicates
5 the type of proof of service for the identified person or entity
6 on file with the Court. In this column the letter "W" refers to
7 a filed Waiver of Service form. The letter "R" refers to a
8 special Return of Service form prepared by Mineral County and
9 filed herein. The letter "S" refers to the return on the
10 backside of a standard Summons filed with the Court. The number
11 after a letter is for the District's use so that it may easily
12 locate the particular service form in question. It is internal
13 to the District. If there is no entry in this column it means
14 the District does not have and could not locate in the Court
15 file any proof of service with respect to the person or entity
16 in question.⁵

17 The third column, entitled "Comments" includes information
18 shown on the filed proof of service which bears on the issue of
19 whether the process or method or manner of service was proper.

20 The fourth column, entitled "Status of Service," is the
21 District's best judgment on whether the identified person or
22 entity has or hasn't been served.⁶ The letter "S" means served;

23
24 ⁵The District's analysis includes a review of all filings
25 through Docket No. 145, dated September 15, 1997.

26 ⁶In making this determination, the District does not make
27 any representation as to whether service has or has not
28 "actually" been accomplished with respect to any individual or
entity. The District has simply attempted to compile in a
useable way the information filed with the Court in the form of
Waiver of Service, Return of Service and Summons forms.

1 the letter "NS" means not served and the letter "Q" means
 2 service is questionable. The District used the questionable
 3 ("Q") designation when in its judgment more information is
 4 necessary to determine if service is or is not complete.

5 The final column, entitled "Authority," includes
 6 information relevant to the legal basis upon which the District
 7 relied in reaching its judgment on the status of service.

8 **B. Summary of the Status of Service on**
 9 **Identified Persons and Entities**

10 Based upon its review, the District's conclusions are as
 11 follows. There are approximately 1,038 identified persons or
 12 entities on the Mineral County List as set forth in the Service
 13 Table. Of those 1,038 identified persons or entities the
 14 Service Table indicates that no service exists for approximately
 15 492 of them because there is no proof of service at all on file
 16 for those names. In addition, of those 1038 identified persons
 17 or entities the Service Table indicates there is no service on
 18 71 of them because the proof of service on file is inadequate
 19 for those names. Of those 1,038 identified persons or entities
 20 the information on file shows that service is complete on
 21 approximately 355 of them. Finally, service is questionable on
 22 approximately 120 of those 1,038 identified persons or entities.

23 Given these results, it is clear that Mineral County has
 24 not completed proper service on the Walker River Claimants under
 25 any set of circumstances.

26 **C. Issues Related To The Status Of Proper Service**

27 **1. The Return of Service Form Used by Mineral County**

28 The Return of Service Form utilized by Mineral

1 County does not include information which establishes that
2 service on a person other than the proposed defendant was at the
3 proposed defendant's dwelling house or usual place of abode on a
4 person of suitable age and discretion residing therein. See
5 Exhibit B attached hereto. Thus in cases where service was
6 effected on someone other than the proposed Defendant, or an
7 individual that the District assumed was the proposed
8 Defendant's spouse, the District concluded that service was
9 questionable or incomplete.

10 2. Service On Organizational Defendants

11 In cases where the name appearing on the Service
12 Table involved an organizational defendant, the District
13 concluded that service was completed if it was effected in
14 accordance with FRCP 4(h)(1). If the Service Form did not
15 indicate that service was effected on an officer, managing or
16 general agent, or agent authorized by appointment of law to
17 receive service for the organization, the District concluded
18 that service was questionable or incomplete.

19 3. Waiver Of Service

20 The Waiver of Service Forms contain three blank
21 lines for the proposed defendant to record information as
22 follows: 1) "Signature;" 2) "Printed name and title, if any;"
23 and 3) "Company or entity, if any." See Exhibit C attached
24 hereto. The District concluded that service was complete for
25 those Waiver of Service Forms wherein the signature matched the
26 printed name and the name was present in the Service Table.
27 If the signature did not match the name printed the District
28 concluded that service was incomplete or questionable unless it

1 could reasonably be concluded that the appropriate person had
2 executed the Waiver of Service Form. The District also
3 concluded that service was incomplete or questionable if the
4 Waiver of Service form did not indicate that it was executed on
5 behalf of the organization listed on Mineral County's List.

6 4. Insufficiency Of Process

7 In spite of having represented to the Court in
8 numerous filings that it had completed service of process as of
9 February 1, 1996, Mineral County recently undertook additional
10 personal service efforts. As near as the District can
11 determine, Mineral County's recent attempts at service are
12 entirely inconsistent with the Stipulation and the recent August
13 14, 1997 Order entered after the scheduling conference. First,
14 Mineral County is serving a summons even though the parties have
15 agreed and the Court has ordered that a summons not be served.

16 Second, the parties have agreed and the Court has ordered
17 that a new notice in lieu of summons would be prepared to
18 include a schedule for responding to Mineral County's Motion to
19 Intervene. The schedule was to be established after the factual
20 dispute concerning service was resolved. Mineral County's
21 recent attempts at service do not include a new and revised
22 notice in lieu of summons containing an updated schedule for
23 responding to Mineral County's Motion to Intervene.

24 The service which Mineral County has recently undertaken
25 only causes additional confusion and should not be considered
26 effective service because the process is insufficient. On the
27 one hand it directs an answer within 20 days to a complaint
28 which has not been filed. On the other hand, near the front, it

1 indicates no answer is required but that a response to the
2 Motion to Intervene is due on July 11, 1995, while at the back
3 it directs a response to the Motion to Intervene by April 1,
4 1996. In fact by order dated March 15, 1996, the entire
5 briefing schedule was suspended.

6 Mineral County contends that the recent Stipulation (July
7 9, 1997), Status Conference (August 14, 1997) and Minute Order
8 (August 14, 1997) relate only to service by publication and have
9 nothing to do with "personal service." Assuming arguendo that
10 it is correct in that regard, it is quite clear that the logic
11 and reasons for the Stipulation, Status Conference and Minute
12 Order have similar application to personal service.

13 Mineral County also contends that it has had no direction
14 from the Court concerning personal service since 1995-1996. In
15 part, that may be because since February 1, 1996, Mineral County
16 has erroneously represented to the Court in several filings that
17 "Mineral County's service of process to water rights holders on
18 the Walker River was completed by February 1, 1996, pursuant to
19 the Court's Order of September, 1995."

20 However, irrespective of whether Mineral County has had
21 recent direction from the Court, its recent actions are not
22 consistent with the directions originally provided by the Court
23 with respect to the process to be served. First, the Court's
24 Orders from February 9, 1995 to September 29, 1995, required
25 service of a Notice In Lieu of Summons and not a Summons. All
26 of those Orders provided that "no answer or other response to
27 the proposed complaint in intervention will be required until a
28 decision by the Court on Mineral County's Motion to Intervene

1 and then only upon a schedule to be established by the Court."
2 For obvious reasons, all of those Orders included a schedule for
3 responses to the Motion to Intervene.

4 Rather than comply with those existing and longstanding
5 directions, Mineral County has chosen to serve a Summons which
6 purports to require a response within twenty days to a complaint
7 which has not been and cannot be filed. It has opted to serve
8 Orders which refer to a schedule which has been suspended since
9 March of 1996. In these cases the District has concluded that
10 service is not complete because the process itself is not
11 sufficient.
