1 I. INTRODUCTION.

2 By Minute Order dated April 14, 1998, the Court directed Mineral County to "file an
3 Affidavit regarding service and Motion for Publication." In an attempt to comply with this
4 order, Mineral County has filed a *Motion for Order of Publication* and points and authorities
5 in support thereof (the "Publication Motion"). Mineral County also filed an *Affidavit of Treva*
6 *J. Hearne* (the "Hearne Affidavit") to support its Publication Motion. As explained in detail
7 in Section III below, the Publication Motion and Hearne Affidavit do not comply with the
8 directions given by the Court at the April 14, 1998 status conference. They do not request
9 service on identified individuals and/or entities through publication and do not satisfy the
10 requirements for such publication.

11 After over three (3) years of motion after motion, hearing after hearing, representations
12 followed by contradictory representations, order after order, a frivolous appeal to the Ninth
13 Circuit Court of Appeals, further motions, hearings, representations and orders all concerning
14 Mineral County's misguided and uninformed attempts to comply with the Court's orders
15 concerning service in this matter, it is difficult to know where to begin and where to end with
16 respect to Mineral County's latest motion. Given the misinformation concerning whether
17 requiring personal service here is "historic" and "unique," it is perhaps best to begin with a
18 review of why service is necessary at all.¹

19 ///

20 _____
21 ¹In its recent points and authorities, Mineral County describes its proposed complaint as
22 a "water adjudication." It represents that it is the only party ever to have been required to
23 personally serve defendants in a water adjudication. Mineral County Points and Authorities at
24 5. First, this is not a water adjudication. The water adjudication ended in April, 1936. Mineral
25 County, as proposed plaintiff here, seeks to mount a collateral attack on that adjudication by
26 asserting a claim to water senior to and in derogation of all those previously adjudicated rights.
27 Second, it is simply not true that requiring personal service on defendants in federal court water
28 adjudications is unique. It is certainly not unique in collateral attacks on existing water decrees.
When the United States and the Pyramid Tribe sought more water for Pyramid Lake in a
collateral attack on the Orr Ditch Decree, over 17,000 individual defendants were named and
personally served. *See, United States v. Truckee-Carson Irrigation District*, 649 F.2d 1286, 1295
(9th Cir. 1981), *amended by* 666 F.2d 351 (1982) *aff'd in part, rev'd in part sub nom, Nevada v.*

II. SERVICE IN ACCORDANCE WITH RULE 4 IS REQUIRED FOR A VALID JUDGMENT ON THE MERITS AND SO THAT INTERRELATED WATER RIGHTS ON THE WALKER RIVER SYSTEM CAN BE PROPERLY ADMINISTERED.

Personal jurisdiction is essential to a valid judgment on the merits. The permanent relief which Mineral County seeks is the first priority "right to, at least, 127,000 acre feet of flows annually reserved from the Walker River" for the benefit of Walker Lake. It seeks preliminary injunctive relief for twice that amount of water. If granted, that relief will adversely affect all claimants to the waters of the Walker River and its tributaries ("Walker River Claimants"). The Court cannot grant effective preliminary or permanent relief on the merits only with respect to Walker River Claimants who are properly served. If and when there is a decision on the request for preliminary relief or for permanent relief on the merits, it will be essential for the court to have jurisdiction to render a valid order or judgment which binds all water right claimants. On a river system, an order or judgment which did anything less would result in chaos.

For example, if Mineral County were completely successful, the water right established would be considered prior to an 1863 right of a properly served defendant. However, the judgment could not affect the 1876 right of a defendant who was not properly served. The river system could not be effectively administered where the 1876 right is junior to the 1863 right, but unaffected by the right established by Mineral County, which is senior to the 1863 right.

These facts are the reason that the Court required Mineral County to serve its intervention documents, pursuant to Fed. R. Civ. P., Rule 4, on all Walker River Claimants. *See*, Doc. No. 19 at 2. In fact, the Court has now ordered Mineral County to complete service in this matter on all Walker River Claimants pursuant to Rule 4 on no less than four different occasions. *See*, Doc. Nos. 19, 44, 48, 74.

The Court obviously recognized the need to have personal jurisdiction over all Walker River Claimants with respect to Mineral County's attempted intervention. The manner in which Mineral County has attempted to complete service of its intervention documents,

however, raises several questions as to whether the Court presently has or will ultimately obtain the requisite jurisdiction.

III. REPORT TO THE COURT CONCERNING THE STATUS OF SERVICE IN COMPLIANCE WITH THE COURT'S ORDERS.

A. Introduction.

Consistent with past practices, counsel for Mineral County continues to misrepresent the information which the District has provided with respect to land owners within the District. The Hearne Affidavit, which is not based upon personal knowledge and is inaccurate in several respects, alleges that the District provided a 1988 and a 1992 list. *See*, Hearne Affidavit at paras. 2 and 5. That is false. *See*, Affidavit of Madeline Sanford attached hereto as Exhibit A. The records of the District are not, and were never intended to be, a complete and current list of all Walker River Claimants. The District is organized under N.R.S. Chapter 539. Its records of land ownership are used for purposes of assessment under that Chapter. Irrigation district records and lists are not used for, and are not intended to be used for, determining title to a water right. Title to a water right is transferred by deed. Furthermore, until October 1, 1995, there was no requirement under Nevada law that an irrigation district even be informed of a transfer of title to a water right. That changed under the provisions of N.R.S. § 533.384(1)(b). Nevertheless, in the past, the District periodically obtained deeds from the Lyon County, Nevada, Recorder for purposes of updating its records for assessment purposes. That is an ongoing process and, thus, the District's records continually evolve as it receives deeds and is able to incorporate the information in the deeds into its records.

Counsel for Mineral County continues to allege that the District interfered with Mineral County's ill-conceived attempts at service. Previously, Mineral County sought substantial sanctions from the District. Doc. No. 31. The Court denied Mineral County's requests for sanctions. Doc. No. 44. Although what the District did and why are not relevant to the issues presently before the Court, they are explained in detail at Docket Nos. 39 and 40 and are supported by the Court's order denying Mineral County relief. Suffice it to say that the District responded in good faith to inquiries and its response was based upon Mineral

1 County's unilateral decision to not mail documents which the Court's Service Order clearly
2 required be served.

3 Again, Mineral County has not provided the Court with factual information
4 which allows the Court to assess the status of service. Mineral County has provided
5 information which is not even internally consistent. In its points and authorities, Mineral
6 County represents that only 12 of 1,177 (or is it 1,107?) persons identified have not been
7 served. See, Mineral County Points and Authorities at 3-4. The Hearne Affidavit states that,
8 "Of the 307 persons and entities with post office boxes, 23 cannot be found or have not been
9 served." Hearne Affidavit at para. 11.

10 **B. The Requirements of Rule 4.**

11 **1. Service on Individuals.**

12 Rule 4(e) governs the manner in which individuals, other than infants
13 and incompetent persons, are to be served. In general, service on individuals may be
14 accomplished by delivering a copy to the individual personally, by leaving a copy at the
15 individual's dwelling house or usual place of abode with some person of suitable age and
16 discretion residing therein or by delivering copies to an agent authorized by appointment or
17 law to receive service. Fed.R.Civ.P. Rule 4(e)(2); see also, 4A, C. Wright and A. Miller, Fed.
18 Prac. and Proc. § 1094 at 67 (1987).

19 When service is made at a defendant's dwelling house or usual place of
20 abode, the return of service must show both that it was made at an appropriate place and that
21 the person with whom the process was left was of suitable age and discretion and resided
22 therein. *Id.* § 1096 at 72-73; 81. When service is made upon an agent, an actual appointment
23 for the specific purpose of receiving process is normally expected. *Id.* § 1097 at 84.

24 **2. Service on Infants and Incompetent Persons.**

25 Rule 4(g) governs service on infants or incompetent persons. In general,
26 such service must be accomplished as required for the service of similar process upon a
27 defendant in an action brought in state court. Fed.R.Civ.P. Rule 4(g); *Id.* § 1099 at 96-97.

3. Service on Organizational Defendants.

Under Rule 4(h), service on an organization may be made by leaving copies with an officer, managing agent or general agent of the organization. It may also be made by delivery to an agent authorized by appointment or by law to receive service of process. *Id.* § 1101 at 101.

However, service under Rule 4(h) cannot be made by leaving a copy at the officer's or agent's dwelling house or usual place of abode with a person residing therein. Generally, it cannot be made by leaving it with someone at the officer's or agent's office. *Id.* § 1101 at 103-104.

4. Waiver of Service.

Although there are only a few decisions under Rule 4(d), the plain language of the Rule requires that a waiver of service form be executed by the defendant who is waiving service, if that defendant is an individual. It also requires that if the defendant is an organization, the waiver be executed by an officer, managing or general agent or other agent authorized by appointment or law to receive service.

The provisions of Rule 4(d) do not apply to service on the United States, its officers and agencies and foreign, state or local governments.

C. Summary of the Status of Service on Identified Persons and Entities.

Attached hereto as Exhibit B is a tabulation prepared by the District which summarizes the status of service on persons and entities named in the caption (the "Service Table"). The tabulation contains five (5) columns. The first column, entitled "Person or Entity," sets forth the names of identified persons or entities named in the caption.

The second column, entitled "Type of Service," indicates the type of proof of service for the identified person or entity on file with the Court. In this column, the letter "W" refers to a filed Waiver of Service form. The letter "R" refers to a special Return of Service form prepared by Mineral County and filed herein. The letter "S" refers to the return on the backside of a standard Summons filed with the Court. The number after a letter is for the District's use so that it may easily locate the particular service form in question. It is

1 internal to the District. If there is no entry in this column, it means the District does not have
2 and could not locate in the Court file any proof of service with respect to the person or entity
3 in question.²

4 The third column, entitled "Comments," includes information shown on the filed
5 proof of service which bears on the issue of whether the process or method or manner of
6 service was proper. This column also contains comments which address assertions made by
7 Mineral County in the typed attachment to its Affidavit of Service.

8 The fourth column, entitled "Status of Service," is the District's best judgment
9 on whether the identified person or entity has or hasn't been served.³ The letter "S" means
10 served, the letter "NS" means not served and the letter "Q" means service is questionable.
11 The District used the questionable ("Q") designation when in its judgment more information
12 is necessary to determine if service is or is not complete.

13 The final column, entitled "Authority," includes information relevant to the legal
14 basis upon which the District relied in reaching its judgment on the status of service.

15 Based upon its review, the District's conclusions are as follows. There are
16 approximately 1,061 identified persons or entities named in the caption as set forth in the
17 Service Table. Of those 1,061 identified persons or entities, the Service Table indicates that
18 no service (NS) exists for approximately 240 of them because either there is no proof of
19 service at all on file for those names, the proof of service is inadequate for those names or
20 some other reason exists why service is not complete. Of those 1,061 identified persons or
21 entities, the information on file shows that service is complete (S) on approximately 583 of
22 them. Finally, service is questionable (Q) on approximately 190 of those 1,061 identified
23 persons or entities. There are also approximately 48 instances where nothing was entered in

24
25 ²The District's analysis includes a review of all filings through Docket No. 182, dated
April 15, 1998.

26
27 ³In making this determination, the District does not make any representation as to whether
28 service has or has not "actually" been accomplished with respect to any individual or entity. The
District has simply attempted to compile in a useable way the information filed with the Court
in the form of Waiver of Service, Return of Service and Summons forms.

1 the "Status of Service" column because, for example, Mineral County asserted that the
2 individual or entity did not own a water right.

3 **D. Issues Related To The Status Of Proper Service.**

4 **1. The Return of Service Form Used by Mineral County Does Not**
5 **Contain the Necessary Information to Verify that the Requirements**
6 **of Rule 4 of the Fed.R.Civ.P. Have Been Satisfied.**

7 Mineral County has filed numerous return of service forms with the
8 Court to verify service upon individual Walker River Claimants. The vast majority of those
9 service forms are identical to the form attached hereto as Exhibit C.

10 The Return of Service Form contained in Exhibit C does not include
11 information which establishes that service on a person other than the proposed defendant was
12 at the proposed defendant's dwelling house or usual place of abode on a person of suitable age
13 and discretion residing therein. Thus, it cannot be determined if service is valid in cases
14 where service was effected on someone other than the proposed defendant and the service
15 form does not indicate the relationship between the individual accepting service and the
16 proposed defendant. The District has attached copies of a few Return of Service Forms hereto
17 as Exhibit D to provide examples of this problem for the Court's review.

18 **2. Mineral Failed to Identify the Proposed Defendant on Whom**
19 **Service was Attempted with Respect to the Notice in Lieu of**
20 **Summon Forms.**

21 The Court required Mineral County to serve a Notice in Lieu of
22 Summons with its intervention documents. The first two lines of the Notice in Lieu of
23 Summons contain blank lines for Mineral County to identify the proposed Defendant upon
24 whom service was attempted. Mineral County has failed to identify the proposed defendant
25 upon whom service was being made. Attached hereto as Exhibit E is an example of a Notice
26 in Lieu of Summons form wherein Mineral County failed to identify the individual or entity
27 upon whom service was attempted. This form was served on the undersigned counsel in his
28 capacity as resident agent for a Nevada corporation.

Mineral County's failure to identify the proposed defendant on the
Notice in Lieu of Summons causes substantial confusion with respect to those individuals who

1 may be capable of accepting service in more than one capacity. In other words, some
2 individuals may be capable of accepting service on their own behalf, as trustee of a trust
3 and/or as a designated agent capable of accepting service on behalf of a corporation or
4 organization. Because Mineral County failed to identify the proposed defendant in some
5 instances, when those particular individuals received a Notice in Lieu of Summons they would
6 have had no idea if Mineral County was attempting to serve them personally, attempting to
7 serve the trust or attempting to serve the corporation or organization on whose behalf they
8 may be capable of accepting service. It also leaves spouses and cotenants unaware that
9 Mineral County has attempted to serve all of them by serving just one of them.

10 **3. Contrary to its Continued Representations that Service is Complete,**
11 **the District Believes that Mineral County Still Has Not Served**
12 **Many of the Walker River Claimants.**

13 On several previous occasions, Mineral County has represented that it
14 has completed service of its intervention documents as ordered by the Court. *See*, Doc. Nos.
15 31, 63, 69, 75, 80, 88. These representations, however, have proven to be false. In fact, even
16 though it represented that service was complete on several prior occasions, Mineral County
17 now states that it has recently located persons "that had not been previously served" and
18 expended funds "to accomplish the remainder of the personal service." Publication Motion
19 at 3.

20 **(a) No Service Form Showing Valid Service.**

21 In some instances, there is simply no service form on file⁴ for
22 the particular Walker River Claimant or the service form on file clearly establishes that service
23 is not valid. Examples of a few of the Walker River Claimants and related service forms

24 ⁴The following names and page numbers from the Service Table provide a few examples
25 wherein no service form is on file for the particular individual or entity:

- 26 Mattice, Lewis and Gayle (p. 35); Nesmith Family Trust Agreement (p. 39);
27 Nugent, George D. and Evelyn (p. 40); Nuti, Ralph E. and Mary E. (p. 40); Nuti,
28 Richard B. and Cynthia (p. 40); Sceirine, Joseph (p. 49); Shehady, Daniel Paul (p.
51); Shoemaker Trust Agreement (p. 51).

which establish invalid service are attached hereto as Exhibit F.

(b) Waiver of Service.

The Waiver of Service Forms contain three blank lines for the proposed defendant to record information as follows: 1) "Signature;" 2) "Printed name and title, if any;" and 3) "Company or entity, if any." See, Exhibit G attached hereto. The District concluded that service was complete for those Waiver of Service Forms wherein the signature matched the printed name and the name was present in the Service Table. If the signature did not match the name printed, the District concluded that service was incomplete or questionable unless it could reasonably be concluded that the appropriate person had executed the Waiver of Service Form. The District also concluded that service was incomplete or questionable if the Waiver of Service form did not indicate that it was executed on behalf of the organization listed in the caption.

(c) Service on Cotenants.

Another problem arises as a result of Mineral County's apparent belief that service on one cotenant is the equivalent of service on all cotenants which own the real property with appurtenant Walker River water rights. Mineral County must serve all cotenants in order to effect proper service pursuant to Rule 4.

(d) Service on Spouses.

In some instances, Mineral County has served only one spouse and not the other. Mineral County has counted that as service on both spouses. In this regard, the District is not referring to those instances where Mineral County served, for example, the wife with two copies of its intervention documents for both herself and her husband. Rather, the District is referring to those situations where Mineral County has served only one spouse and both husband and wife own an interest in the water right.

(e) Service on Persons with Identical Surnames.

In some instances where several individuals with the same last name own an interest in water rights, Mineral County served only one of the individuals and counted that service as effective on all individuals with that particular last name.

(f) **Service on Predecessor's-in-Interest.**

Finally, Mineral County asserts that service on a predecessor-in-interest to a current holder of Walker River water rights is sufficient. Rule 17 and Rule 25 are relevant to this issue. If, because Mineral County has not yet been allowed to file its amended complaint, its action is not yet commenced, Rule 17 requires it to name and serve subsequent owners. If, on the other hand, Mineral County's action is already commenced, under Rule 25(c), the successors-in-interest if they are to be named defendants must be served in accordance with Rule 4. *See, Fed.R.Civ.P., Rule 25(c); Rule 25(a); 7C, C. Wright and A. Miller, Fed. Prac. and Proc. § 1958 at 516 (1986).*

IV. THE PUBLICATION MOTION DOES NOT REQUEST, NOR MAKE THE FACTUAL SHOWING NECESSARY FOR THE COURT TO ORDER, THAT MINERAL COUNTY BE ALLOWED TO COMPLETE SERVICE THROUGH PUBLICATION ON IDENTIFIED INDIVIDUALS.

The Publication Motion requests that the Court enter an order allowing Mineral County to effect service through publication on "all unidentified parties." *See, Publication Motion at 2.* On April 1, 1997, the Court entered an order which stated the following:

For the foregoing reasons, **IT IS THEREFORE ORDERED** that the Motion (Doc. #88) filed by Proposed Intervenor Mineral County for leave to serve unidentified Defendants by Publication pursuant to Nev. R. Civ. P. 4(e)(1)(ii) is **HEREBY GRANTED.**

Doc. No. 99 at 4. In a subsequent order, the Court confirmed that it had granted Mineral County permission to effect service through publication "only with respect to unidentified and unserved potential defendants." Doc. No. 114 at 1.

The Court has already granted Mineral County permission to serve unidentified potential defendants through publication. The Publication Motion is unnecessary and redundant to the extent that it once again seeks the Court's approval to serve unidentified potential defendants through publication.

Assuming arguendo that the Publication Motion is construed to request permission to serve identified potential defendants through publication, the motion fails to make the necessary factual showing required by the relevant rules. Rule 4 of the Federal Rules of Civil

Procedure provides that if a waiver of service has not been obtained and filed, service on individuals, corporations and associations may be effected "pursuant to the law of the state in which the district court is located, or in which service is effected, for the service of a summons upon the defendant in an action brought in the courts of general jurisdiction of the State." F.R.C.P 4(e)(1) and (h)(1).

In Nevada,⁵ a court may order service by publication if the plaintiff establishes the following:

(i) General. When the person on whom service is to be made resides out of the state, or has departed from the state, or cannot, after due diligence, be found within the state, or conceals himself to avoid the service of summons, and the fact shall appear, by affidavit, to the satisfaction of the court or judge thereof, and it shall appear, either by affidavit or by a verified complaint on file, that a cause of action exists against the defendant in respect to whom the service is to be made, and that he is a necessary or proper party to the action, such court or judge may grant an order that the service be made by the publication of summons.

...

(ii) Property. In any action which relates to, or the subject of which is, real or personal property in this state in which such person defendant or corporation defendant has or claims a lien or interest, actual or contingent, therein, or in which the relief demanded consists wholly or in part of excluding such person or corporation from any interest therein, and the said defendant resides out of the state or has departed from the state, or cannot after due diligence be found within the state, or conceals himself to avoid the service of summons, the judge or justice may make an order that the service be made by the publication of summons; said service by publication shall be made in the same manner as now provided in all cases of service by publication.

⁵In its order dated April 1, 1997, the Court stated that "[t]o the extent Mineral County seeks leave to serve by publication holders of water rights appurtenant to California real property, its request must . . . be denied." See, Doc. No. 99 at 3.

1 N.R.C.P. 4(e)(1)(ii) (emphasis added).⁶

2 To begin with, Mineral County has failed to specifically name the Walker River
3 Claimants it has identified as candidates for service through publication and its efforts to effect
4 service on each. In light of this failure, it is impossible for Mineral County to make the
5 required showing under Nevada law to enable the Court to enter an order permitting service
6 by publication. Mineral County cannot possibly establish that a particular individual resides
7 outside of Nevada, has left Nevada, or cannot through due diligence be located within Nevada
8 unless and until it identifies that individual.

9 Even if Mineral County's failure to identify unserved Walker River Claimants is
10 overlooked, the Publication Motion and Hearne Affidavit clearly do not establish that certain
11 Walker River Claimants reside outside of Nevada, have left Nevada, or cannot after the
12 exercise of due diligence be found within Nevada, as required by Nevada law. Under Nevada
13 law there must be a showing of due diligence before service by publication is allowed. *Price*
14 *v. Dunn*, 787 P.2d 785, 787-88 (Nev. 1990). Mineral County has completely failed to make
15 this showing.⁷

16 _____
17 ⁶It is not clear that Mineral County's proposed complaint seeks the type of relief
18 contemplated by the emphasized portion of the Nevada Rule. However, the standard of diligence
is similar under either the general rule or the emphasized portion.

19 ⁷It is extremely important for the Court to require Mineral County to make the factual
20 showing under N.R.C.P. 4(e)(1)(ii) before service through publication is allowed. In *Bomford*
21 *v. Socony Mobil Oil Co.*, 440 P.2d 713 (Okla. 1968), the Oklahoma Supreme Court stated the
following:

22 No rigid formula exists as to the kind of notice that must be given; the notice
23 required will necessarily vary with certain circumstances and conditions, and in
24 some instances, as in the case of missing or unknown persons, "personal notice
25 might not be reasonably possible." But notice by publication is clearly insufficient
26 with respect to one whose name and address are known or readily ascertainable
from sources at hand. In other words, the requirements of due process are not
satisfied unless due diligence has been exercised to find the whereabouts of the
defendant [citations omitted].

27 *Id.* (emphasis added). Therefore, in order to satisfy due process concerns and thereby vest the
28 Court with personal jurisdiction over proposed defendants served through publication, Mineral
County must make the factual showing required by N.R.C.P. 4(e)(1)(ii).

V. THE COURT HAS ALREADY ENTERED AN ORDER DESIGNATING THE DOCUMENTS WHICH MINERAL COUNTY MUST PUBLISH.

In the Publication Motion, Mineral County argues that it should be required to publish only the Notice in Lieu of Summons. The Court, however, has already designated the documents which Mineral County must publish. By order dated April 1, 1997, the Court directed Mineral County to publish the following documents in connection with its service upon unidentified individuals:

1. Summons to all holders of water rights appurtenant to lands located in the Nevada portion of the Walker River System who have not yet been served with process in this action;
2. Mineral County's Notice of Motion and Motion to Intervene (Doc. #2);
3. Mineral County's Proposed Petition in Intervention (Doc. #3);
4. Mineral County's Amended Complaint in Intervention (Doc. #20);
5. Mineral County's Amended Memorandum of Points and Authorities in Support of Mineral County's Amended Complaint in Intervention (Doc. #21)); and
6. Mineral County's Motion for Preliminary Injunction (Doc. #22).

Doc. No. 99 at 4. Based upon a stipulation to which Mineral County was a party, the Court later amended its April 1, 1997, order by requiring Mineral County to publish a Notice in Lieu of Summons instead of the summons (referred to in paragraph 1) and by relieving Mineral County of any obligation to publish Mineral County's Notice of Motion and Motion to Intervene (referred to in paragraph 2) and Mineral County's Proposed Petition in Intervention (referred to in paragraph 3). See, Doc. No. 122 at 2.

Thus, the Court has already ordered that Mineral County must publish, at a minimum, the following documents:

1. A Notice in Lieu of Summons
2. Mineral County's Amended Complaint in Intervention (Doc. No. #20);
3. Mineral County's Amended Memorandum of Points and Authorities in Support of Mineral County's Amended Complaint in Intervention (Doc. #21)); and

4. Mineral County's Motion for Preliminary Injunction (Doc. #22).

Finally, on more than one occasion, the Court has ordered Mineral County to distribute a sample of the documents it intends to publish to the parties. To date, Mineral County has failed to comply with the Court's orders in this regard.

1 STATE OF NEVADA)
) ss.
 2 COUNTY OF LYON)

3 I, Madeline Sanford, being first duly sworn, depose and say:

4 1. I presently serve as Secretary-Assistant Treasurer for the United States Board of
 5 Water Commissioners.

6 2. Until November 3, 1995, I was the Secretary of the Walker River Irrigation
 7 District.
 8

9 3. In my capacity as Secretary of the Walker River Irrigation District, I was and am
 10 familiar with the manner in which the Walker River Irrigation District maintained and updated
 11 the names and addresses of persons and entities who own land with appurtenant water rights
 12 within the boundaries of the Walker River Irrigation District.
 13

14 4. Information concerning the names and addresses of owners of land with
 15 appurtenant water rights within the boundaries of the Walker River Irrigation District was
 16 updated periodically by the District, but only after the District was provided with a copy of a
 17 deed or other conveyance recorded with the Lyon County Recorder showing that ownership of
 18 a particular parcel of land with an appurtenant water right had been transferred.

19 5. I have been provided a copy of and I have read the *Affidavit of Treva J. Hearne*
 20 (the "Hearne Affidavit") filed in this matter on or about April 21, 1998. On or about
 21 January 23, 1995, I, as Secretary of the Walker River Irrigation District, provided information
 22 to the United States Board of Water Commissioners' Chief Deputy Water Commissioner
 23 concerning the names and addresses of the owners of land with appurtenant water rights within
 24 the boundaries of the Walker River Irrigation District. That information had been updated by
 25 the Walker River Irrigation District as of January 15, 1995 with conveyance information provided
 26 to the District. The implication in the Hearne Affidavit that the District provided a list which
 27
 28

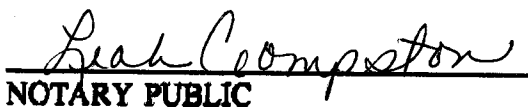

1 it had not updated since 1988 is false.

2 6. On or about August 29, 1995, Mr. Buchanan came into the Walker River Irrigation
3 District office and requested information concerning changes to the information provided in
4 January, 1995. Because the Walker River Irrigation District does not maintain a separate list of
5 changes, Mr. Buchanan was provided a complete list of the information then on the District's
6 records. That information had been updated with conveyance information which had been
7 provided to the District through June, 1995. The implication in the Hearne Affidavit the District
8 provided a list which it had not updated since 1992 is false.

9 To the above-named Defendant:

10 You are hereby notified that a motion to intervene, proposed complaint-in-intervention,
 11 and motion for preliminary injunction by Mineral County, Nevada, claiming a right to a minimum
 12 level of water for Walker Lake, which would affect the water rights in the Walker River which
 13 you (or the entity on whose behalf you are addressed) possess, have been filed in the United States
 14 District Court for the District of Nevada, Reno, Nevada. You may, but are not required to,
 15 respond. If you choose to respond, the following schedule applies:
 16

17 1. Responses to Mineral County's Motion to Intervene and Mineral County's Points
 18 and Authorities in support of its Motion to Intervene shall be served not later than June 15, 1998.
 19

20 2. Reply Points and Authorities in support of Mineral County's Motion to Intervene
 21 shall be served not later than July 15, 1998.

22 3. No answer or other response to the proposed complaint-in-intervention will be
 23 required until a decision by the Court on Mineral County's Motion to Intervene and then only
 24 upon a schedule to be established by further order of the Court; and
 25

26 4. No response to any motion for preliminary injunctive relief filed and served by
 27 Mineral County will be required until a decision by the Court on Mineral County's Motion to
 28

1 Intervene and then only upon a schedule to be established by further order of the Court.

2 Persons, corporations, institutions, associations or other entities properly served who do
3 not appear and respond to Mineral County's Motion to Intervene shall nevertheless be deemed to
4 have notice of subsequent orders of the Court with respect to answers or other responses to the
5 proposed complaint-in-intervention or responses to any motion for preliminary injunctive relief
6 filed and served by Mineral County.
7

8 If the proposed complaint-in-intervention is allowed to be filed, subsequent orders of the
9 Court may provide that a judgment by default for the relief demanded in the complaint-in-
10 intervention may be taken against such properly served entities who do not respond as provided
11 in such subsequent orders.

19

20 TO: Zeh, Spoo & Hearne, attorneys for proposed
Plaintiff/Intervenor, Mineral County, Nevada

21 I acknowledge receipt of your request that I waive
22 personal service of the documents involving the motion to
23 intervene of Mineral County, Nevada, in the action of United
24 States of America, Plaintiff v. Walker River Irrigation District
25 et al., Defendants, which is Case No. C-125, Subfile No. C-125-C,
26 in the United States District Court for the District of Nevada.
27 I have also received a copy of the motion to intervene of Mineral
28 County, the proposed complaint-in-intervention of Mineral County,

1 the motion for preliminary injunction of Mineral County, and the
2 Order Requiring Service of and Establishing Briefing Schedule
3 Regarding the Motion to Intervene of Mineral County, along with
4 two copies of this Waiver. I have also received a means by which
5 I can return this signed waiver to you without cost to me.

6 I agree to save the cost of personal service of the
7 documents, as above-described, by not requiring that I (or the
8 entity on whose behalf I am acting) be served with judicial
9 process in the manner provided by Federal Rules of Civil
10 Procedure, Rule 4. I (or the entity on whose behalf I am acting)
11 will retain all defenses or objections to this matter or to the
12 jurisdiction or venue of the Court except for objections based on
13 a defect, if any, in the manner in which these documents have been
14 provided to me.

15 I understand, that if I (or the entity on whose behalf
16 I am acting) do not appear and respond to the motion to intervene,
17 by July 11, 1995, and if the Court enters further orders with
18 respect to answers or other responses to the proposed complaint-
19 in-intervention or responses to the Motion for Preliminary
20 Injunction, that I (or the entity on whose behalf I am acting)
