SERVICE; TO ESTABLISH
SCHEDULE FOR RESPONSES
TO MINERAL COUNTY MOTION
TO INTERVENE AFTER
COMPLETION OF SERVICE

Pursuant to Rule 6 of the Federal Rules of Civil Procedure and Rule 150 of the Rules of Practice of this Court, the Walker River Irrigation District (the "District") moves the Court for:

- (1) An order vacating the schedule for serving responses to Mineral County's Motion

1 to Intervene ("Responses"), which schedule was set forth in paragraph 6 of this Court's February
2 9, 1995, Order Requiring Service of and Establishing Briefing Schedule Regarding the Motion
3 to Intervene of Mineral County (the "Service Order");

4 (2) An order establishing a date for Mineral County to complete service of Mineral
5 County's Intervention Documents as required by the Service Order; and
6

7 (3) An order establishing a new schedule for service of responses to Mineral
8 County's Motion to Intervene after completion of service as required by the Service Order and
9 any amendment thereto.

10 This Motion is made on the ground that service in this matter is not complete and that
11 until service is complete the Court should not require the service of any responses to Mineral
12 County's Motion to Intervene. This Motion is based upon all of the pleadings and papers on
13 file herein and on the points and authorities which follow.

POINTS AND AUTHORITIES

I. BACKGROUND

On or about October 25, 1994, Mineral County, Nevada filed several documents with this Court in an attempt to intervene in the subproceeding which bears docket number C-125-B. The documents filed included the following: (1) Notice of Motion and Motion of Mineral County of Nevada for Intervention; (2) Mineral County's Proposed Petition to Intervene and an attached Proposed Order granting intervention; (3) Memorandum of Points and Authorities in Support of Mineral County's Proposed Petition to Intervene (the "Memorandum"), together with a State of Nevada Certificate of Appropriation of Water held by the Nevada Department of Wildlife attached as Exhibit A, and a Resolution of the Board of Mineral County Commissioners attached as Exhibit B; (4) Affidavits in support of the Memorandum of Marlene Bunch, Herman F. Staat, Louis Thompson (including several attached statistical graphs) and Kelvin J. Buchanan (together with Attachment A consisting of the Walker River Basin Water Rights Model, Nevada Department of Conservation and Resources, June, 1993, and Attachment B consisting of the Office of Assessment Technology Memorandum, August, 1993).¹ Mineral County mailed the Original Intervention Documents to various parties including the United States, the Walker River Paiute Tribe, the California State Water Resources Control Board, California Trout, the United States Board of Water Commissioners and the Walker River Irrigation District (the "District").

As a result of Mineral County filing the Original Intervention Documents, on approximately November 15, 1994, several interested parties entered into a stipulation

¹For convenience these pleadings, affidavits, exhibits and attachments are hereinafter collectively referred to as the "Original Intervention Documents."

1 concerning Mineral County's Motion to Intervene and for Pretrial Conference Thereon (the
2 "Stipulation"). The Stipulation requested a pretrial conference and required the parties to file
3 reports prior to that conference addressing the identity of the persons who should receive notice
4 of and an opportunity to respond to the Original Intervention Documents. The Court approved
5 the Stipulation through Minutes of the Court dated November, 17, 1994.
6

7 The parties to the Stipulation filed their respective reports and a pretrial conference was
8 held on January 3, 1995. Several issues were discussed by the parties at the pretrial conference
9 including the need for Mineral County to clarify its Proposed Petition to Intervene. In addition,
10 counsel for Mineral County stated a motion for preliminary injunction might be filed.

11 As a result of the conference, on February 9, 1995, the Court entered an Order Requiring
12 Service of and Establishing Briefing Schedule Regarding the Motion to Intervene of Mineral
13 County (the "Service Order"). The Service Order directed the Court Clerk to establish a new
14 subfile, C-125-C, for filings related to the Original Intervention Documents. It also provided
15 that:
16

17 2. Within thirty (30) days of the entry of this Order, Mineral
18 County shall file: (a) its revised motion to intervene; (b) its
19 revised points and authorities in support thereof; (c) a revised
20 proposed complaint-in-intervention which clarifies the basis for
21 Mineral County's claims to water from the Walker River for
22 Walker Lake and which identifies the persons or entities against
23 whom such claims are proposed to be asserted; and (d) any
24 motion for preliminary injunction, supporting points and
authorities and any other supporting documents which Mineral
County may choose to file. The documents filed pursuant to this
paragraph 2 are hereinafter sometimes collectively referred to as
"Mineral County's Intervention Documents."

25 Service Order at paragraph 2.

26 In response to paragraph 2 of the Service Order, on approximately March 10, 1995,
27 Mineral County filed the following documents: (1) Mineral County's Amended Complaint in
28

Intervention; (2) Amended Memorandum of Points and Authorities in Support of Mineral County's Amended Complaint in Intervention; (3) Motion for Preliminary Injunction; Memorandum of Points and Authorities; Affidavit of Kelvin J. Buchanan, P.E.; Affidavit Gary L. Vinyard, PhD. This second affidavit of Kelvin J. Buchanan (the first having been filed with the Original Intervention Documents), included a Ditch Map, USDA, as Attachment C, copies of several photographs as Attachment D, several statistical charts as Attachment E, and an article entitled Walker Lake Proposal as Attachment F.² It is important to note that the Revised Intervention Documents refer to and rely upon some of the Original Intervention Documents and that the proposed amended Complaint-in-Intervention does not expressly identify the persons or entities against whom Mineral County's claims are proposed to be asserted.

II. MINERAL COUNTY'S ATTEMPTED COMPLIANCE WITH THE SERVICE ORDER TO DATE

The Service Order outlined the procedure to be followed with regard to service of Mineral County's Intervention Documents, as defined in paragraph 2 of the Service Order. The Service Order provided:

3. On or before May 10, 1995, pursuant to Rule 4 of the Federal Rules of Civil Procedure, Mineral County shall serve Mineral County's Intervention Documents on all claimants to the waters of the Walker River and its tributaries...

4. If Mineral County intends to seek a waiver of service of Mineral County's Intervention Documents pursuant to the provisions of Rule 4(d) of the Federal Rules of Civil Procedure, Mineral County shall allow the person served 30 days to return the waiver of service and shall include with the mailing the attached Notice of Motion to Intervene, Proposed Complaint-in-Intervention of Mineral County and Request for Waiver of

²For convenience these pleadings, affidavits, exhibits and attachments are hereinafter referred to as the "Revised Intervention Documents."

1 Personal Service of Motions³ and the attached Waiver of Personal
2 Service of Motions.

3 5. In any situation where service of Mineral County's
4 Intervention Documents is not waived, in addition to Mineral
5 County's Intervention Documents, Mineral County shall also serve
6 the attached Notice in Lieu of Summons properly issued by the
7 Clerk of the Court.

8 Service Order, at paragraphs 3, 4 and 5. Mineral County has attempted service in accordance
9 with the waiver provisions of Rule 4(d) of the Federal Rules of Civil Procedure as discussed
10 in paragraph 4 of the Order.

11 In seeking waivers of service, Mineral County attempted to mail the following
12 documents to the individuals and entities described in paragraph 3 of the Order: (1) the Revised
13 Intervention Documents⁴; (2) Notice of Motion to Intervene, Proposed Complaint-In-Intervention
14 and Motion for Preliminary Injunction of Mineral County and Request for Waiver of Personal
15 Service of Motions; (3) Waiver of Personal Service of Motions; (4) Duty to Avoid Unnecessary
16 Costs of Service of Summons and Other Documents; (5) the Service Order; and (6) a "Notice"
17 stating that the "exhibits referred to in the pleadings of Mineral County are available for
18 review" at one of four addresses. See, Proof of Service by Mailing without attachments,
19 attached hereto as Exhibit A. It is not entirely clear that every mailing included all of those
20 documents.

21 It is clear, however, that Mineral County's mailing failed to include any of the affidavits
22 or exhibits relied on by Mineral County in the Revised Intervention Documents, including those
23

24
25 ³This document, attached to the Service Order, was actually styled "Notice of Motion
26 to Intervene, Proposed Complaint-In-Intervention and Motion for Preliminary Injunction of
27 Mineral County and Request for Waiver of Personal Service."

28 ⁴As explained fully below, the Revised Intervention Documents mailed by Mineral
County did not include any attachments or exhibits.

1 which were filed with the Original Intervention Documents. Mineral County failed to serve the
2 two exhibits, six affidavits, and six attachments to those affidavits, that it relied on to support
3 the Revised Intervention Documents. Instead, Mineral County served a notice which stated that
4 these exhibits, affidavits and attachments could be reviewed at one of four locations. See
5 Notice, attached hereto as Exhibit B.

6
7 In not serving the exhibits, affidavits and attachments on which it relied, Mineral County
8 failed to comply with paragraph 3 of the Service Order. Paragraph 3 of the Service Order
9 specifically required Mineral County to serve the documents described in paragraph 2 of the
10 Service Order. The documents described in paragraph 2 included the exhibits, affidavits and
11 attachments relied upon by Mineral County in the Revised Intervention Documents. Nothing
12 contained in the Order allowed Mineral County to unilaterally decide not to serve the exhibits,
13 affidavits and attachments, and instead place them on file at certain locations. However, the
14 Waiver of Personal Service sought by Mineral County provides for a waiver of "objections
15 based on a defect, if any, in the manner in which these documents have been provided to me."

16
17 [Emphasis added]. See Waiver attached as Exhibit C.

18 Paragraph 3 of the Service Order requires service pursuant to Rule 4 of the Federal
19 Rules of Civil Procedure on more than 1,000 persons or entities. See Attachment to Proof of
20 Service by Mailing, Docket No. 23. Under Rule 4(d), service is not completed by merely
21 mailing a request for waiver of service. As stated in the comments to that Rule, "if the waiver
22 is not returned and filed, . . . the action will not otherwise proceed until formal service is
23 effected." As of June 20, 1995, not one waiver of service has been filed in this matter.
24 Counsel for Mineral County has stated that less than 10% of the persons served had returned
25 waivers. Mineral County's failure to comply with the Service Order, by not mailing all of the
26 documents on which it relied, played a major part in the low percentage of return of waivers
27

1 of service. It is not clear why the waivers which have been returned have not been filed with
2 the Court.

3 **III. THE COURT SHOULD VACATE THE SCHEDULE FOR SERVING**
4 **RESPONSES TO MINERAL COUNTY'S MOTION TO INTERVENE,**
5 **ESTABLISH A DATE BY WHICH SERVICE IS TO BE COMPLETE AND**
6 **ESTABLISH A NEW SCHEDULE FOR RESPONSES TO THE MOTION TO**
7 **INTERVENE AT LEAST SIXTY (60) DAYS AFTER MINERAL COUNTY HAS**
8 **COMPLETED SERVICE**

9 The Service Order resulted from the Court's ruling on January 3, 1995, that Mineral
10 County's motion to intervene must be served on all persons who might be affected by it. The
11 service was to comply with Rule 4 of the Federal Rules of Civil Procedure and was to be
12 completed by May 10, 1995. The July 11, 1995 schedule for responding to the motion to
13 intervene was established based upon an assumption that service would be completed by May
14 10, 1995 and that all persons should have at least 60 days to respond to the motion. It was
15 intended that all persons required to be served have an opportunity to participate in the issues
16 related to the intervention of Mineral County in this action.

17 It is clear that service in compliance with the Service Order is not complete. Although
18 Mineral County filed a document entitled "Proof of Service by Mailing" on June 2, 1995, that
19 mailing was not the service required by Rule 4 or the Service Order.⁵ As of June 20, 1995, the
20 Court's file reflected that not one waiver of service had been filed. There is no proof of
21 personal service with respect to any person who did not return a waiver of service. Under Rule
22 4(d)(4) and the Service Order, this proceeding cannot and should not proceed until service is
23 complete. In order to make certain that all persons to be served under paragraph 2 of the
24 Service Order have an opportunity to participate in the issues related to the Revised Intervention
25

26
27 ⁵The Proof of Service by Mailing is quite confusing. One cannot tell the date on which
28 a mailing was made to a specific person. Moreover, the attachments suggest that multiple
mailings may have been made to the same person at the same address.

1 Documents, the date for serving Responses should be vacated, a date for completion of service
2 in compliance with Rule 4 and the Service Order should be established and a new schedule for
3 responding to the Motion to Intervene should be established. Moreover, if Mineral County
4 complies with the provision in the Service Order which requires it to identify in its proposed
5 complaint-in-intervention the persons or entities it seeks to sue, the possibility of serving
6 multiple copies of the Mineral County Intervention Documents on the same person will be
7 avoided.
