the stay issued by the 9th Circuit in the C-125-B subproceeding, making it clear that the stay pertains to all responses in subproceeding C-125-B. The following grounds are presented in support of this Motion.

POINTS AND AUTHORITIES

On May 27, 2014, the 9th Circuit Court of Appeals issued an Order staying the May 30th briefing deadline on jurisdictional motions to dismiss in the C-125-B subproceeding. C-125-B Doc. No. 2001. The May 30, 2014, deadline was established by the Court in its November 4, 2013, Minutes of Proceedings. C-125-B Doc. No. 1958; C-125-C Doc. No. 736. Mineral County respectfully requests that the Court similarly stay the May 30, 2014, deadline for responses to the motion to dismiss filed in the C-125-C subproceeding by the Walker River Irrigation District on March 31, 2014, and joined by a number of defendants. C-125-C Doc. Nos. 751, 752, 753, & 754. Mineral County, the United States, and the Walker River Paiute Tribe all are parties to both subproceedings C-125-B and C-125-C, and are likely to participate in briefing on the motions to dismiss in each subproceeding. A stay in both subproceedings would allow the briefing and decision on the motions to dismiss filed in both subproceedings to proceed simultaneously, which would be consistent with the preference previously expressed by the Court for briefing of the pending motions to dismiss in both subproceedings to proceed simultaneously. In addition, keeping the briefing schedules for the motions to dismiss in both subproceedings on the same schedule would be in the interest of judicial economy and efficiency.

Additionally, it is unclear whether the 9th Circuit Court's May 27, 2014, Order stays the response deadline for *all* parties in the C-125-B subproceeding or only for the United States. Mineral County requests that the Court clarify that the stay applies to all parties' May 30th response deadline in subproceeding C-125-B.
